Comprehensive Plan

Comprehensive Plan Component: Lone Star Community Plan

Plan Adoption Date: March 2013

Plan Goals:

- LU-1.1: Eliminate existing zoning that allows industrial uses that do not meet the performance criteria in Table LU-1.1.
- QL-3: Rehabilitate existing housing stock.

Comprehensive Land Use Categories:

Land Use Category: “Medium Density Residential”

Description of Land Use Category: Medium Density Residential includes duplexes, triplexes, fourplexes, and low-rise apartments. Cottage homes and small lot single-family houses are also appropriate within this land use category. Pre-existing commercial buildings less than 3,000 square feet on higher capacity local streets may be used for Neighborhood Commercial purposes. This form of development should be located along collectors or residential roads and may serve as a buffer between low density residential and more intense land uses such as commercial.

Permitted Zoning Districts: R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6, MF-18

Comprehensive Land Use Categories:

Land Use Category: “Low Density Mixed Use”

Description of Land Use Category: Low Density Mixed Use includes a mix of low intensity residential and commercial uses integrated into one structure or found on the same lot or block. The mix of uses promotes walkability, therefore all mixed-use developments should be designed for the pedestrian. This form of development is typically located along or near major arterials or collectors and may serve as a transition from High Density Mixed Use to lower intensity land uses such as Low Density Residential.

Permitted Zoning Districts: RM-4, MF-18, MF-25, MF-33, O-1, NC, C-1, C-2P, IDZ, TOD, MXD, FBZD, AE-2, AE-4

ISSUE:

None.

FISCAL IMPACT:

There is no fiscal impact.

PROXIMITY TO REGIONAL TRANSIT CORRIDOR:

The subject property is not located within a Regional Center or within ½ a mile of a Premium Transit Corridor.

ALTERNATIVES:

1. Recommend Denial.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed Plan Amendment from “Medium Density Residential” to “Low Density Mixed Use” is requested to rezone the property to “MF-33” Multi Family District. The subject property is situated between active residential uses, consistent with the overall use. Additionally, the subject property had been operating as a multifamily use until a fire destroyed the original structure in March 2024. The land use within the block and to the northeast of the subject property is also classified as “Low Density Mixed Use,” making the proposed change consistent with the area.
