RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the San Antonio International Airport Vicinity Land Use Plan, adopted in 2010, and is currently designated as “Business Park” in the future land use component of the plan. The requested “C-3” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “C-3” General Commercial District and “I-1” General Industrial District.
3. **Suitability as Presently Zoned:** The existing “I-1” General Industrial District is an appropriate zoning for the property and surrounding area. The proposed “C-3” General Commercial District is also appropriate. The subject property is located within a mix of commercial and industrial properties, and the proposed interior design studio is consistent with surrounding uses. Additionally, the property fronts West Avenue, a Secondary Arterial, capable of handling traffic produced by commercial activities.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with public policy. Relevant Goals and Policies of the Comprehensive Master Plan may include:
 - GCF Goal 1: Higher-density uses are focused within the city’s 13 regional centers and along its arterial and transit corridors.
 - GCF Goal 2: Priority growth areas attract jobs and residents.
 - GCF P7: Ensure employment centers provide a variety of land uses and infrastructure that will allow the city to remain economically competitive.
6. **Size of Tract:** The subject property is 0.186 acres, which can reasonably accommodate the proposed commercial development.
7. **Other Factors:** The applicant is requesting to downzone the property for the purpose of operating an interior design studio.
