## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Port San Antonio Area Regional Center Plan, adopted in 2021, and is currently designated as “Urban Mixed Use” in the future land use component of the plan. The requested “MF-18” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “C-3NA” General Commercial Restrictive Alcoholic Sales Districts is an appropriate zoning for the property and surrounding area. The proposed “MF-18” Limited Density Multi-Family District is also appropriate. existing “C-3NA” General Commercial Restrictive Alcoholic Sales Districts is an appropriate zoning for the property and surrounding area. The proposed “MF-18” Limited Density Multi-Family District is also appropriate. The proposed development is meeting a growing need for affordable, elderly housing. The proposal aligns with the goals of the Strategic Housing Implementation Plan (SHIP), which encourages the development of additional housing stock to accommodate the City’s growing population.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy. Relevant Goals and Policies of the Comprehensive Master Plan may include: - GCF Goal 1: Higher-density uses are focused within the city’s 13 regional centers and along its arterial and transit corridors. - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods. - GCF Goal 6: Growth and city form support community health and wellness. - H P30: Ensure infill development is compatible with existing neighborhoods. Relevant Goals and Policies of the Port San Antonio Area Regional Center Plan may include: - Goal 4: Increase housing options while preserving or increasing home ownership. Direct higher density housing options to targeted focus areas and along major corridors and encourage appropriate transitions of density and intensity to existing lower density neighborhoods.

- Goal 4: Increase housing options while preserving or increasing home ownership. Direct higher density housing options to targeted focus areas and along major corridors and encourage appropriate transitions of density and intensity to existing lower density neighborhoods.

6. **Size of Tract:** The subject property is 4.893 acres, which can reasonably accommodate the proposed residential development.
7. **Other Factors:** The applicant intends to develop 78 affordable multi-family housing units targeted for ages 55 – plus.

The property is proposed for development of multifamily uses that shall not exceed 18 units per acre. At 4.893 acres, there could potentially be development of 88 units. The applicant's request is to build 78 units.

The proposed rezoning is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.

Texas Department of Transportation has indicated no access may be allowed onto IH 410 frontage road, due to access onto Lake Valley Street and access from proposed neighboring car wash. TxDOT coordination would be required.
