RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Eastern Triangle Community Plan, adopted May 21, 2009, and is currently designated as "High Density Mixed Use" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed zoning is not consistent with the established development pattern of the residential area.
3. **Suitability as Presently Zoned:** The existing "R-4" Residential Single-Family District is an appropriate zoning for the property and surrounding area. Given the surrounding residential single-family uses, the proposed "C-2" Commercial District is not consistent. The subject property is located within a cul-de-sac at the end of a residential street, with the only access point to the property off the local street. Staff finds the proposed commercial zoning does not align with typical locational criteria of commercial properties. While there are other commercial properties in proximity to the subject property, those properties have access to Martin Luther King Drive, a Secondary Arterial.
4. **Health, Safety and Welfare:** Staff has found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with any public policy objective. Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - H P30: Ensure infill development is compatible with existing neighborhoods.Relevant Goals and Objectives of the Eastern Triangle Community Plan may include:
 - Goal 5: Keep commercial and residential properties well maintained in the Eastern Triangle.
 - Objective 5.1: Improve property maintenance.
 - Goal 13: Encourage well-maintained neighborhoods and housing stock.
6. **Size of Tract:** The 0.109 acres site is of sufficient size to accommodate the proposed development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

This rezoning resulted from Code Violations for outside storage and parking vehicles in residential district.

TxDOT Comments: No access may be allowed onto IH 10.
