**ALTERNATIVES:**

Current Zoning: "C-3" General Commercial districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

Proposed Zoning: "MF-40" Multi-Family District allows multi-family development with a maximum density of 40 units per acre.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is within a regional center and a premium transit corridor

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff Recommends Approval. Zoning Commission recommendation pending the December 5, 2023 meeting.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

- 1. Consistency:** The subject property is located within the Brooks Area Regional Center Plan and is currently designated as “Regional Mixed Use.” The requested “MF-40” is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “MF-40” Multi-Family District is consistent with the future land use designation. Surrounding properties are “C-3” General Industrial.
- 3. Suitability as Presently Zoned:** The current "C-3" General Commercial District is appropriate zoning for the property and surrounding area. The requested "MF-40" Multi-Family District is an appropriate zoning for the property as well. The proposed zoning change is requested to allow for the development of a Senior Adult Housing complex which is consistent with the existing development along the Challenger Drive corridor. Surrounding uses include various medical clinics, Mission Trail Baptist Hospital, offices and warehouses.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principals, and objectives of the Brooks Area Regional Center Plan:

Goal 1.4- Support a healthy and desirable community, social and dining options which provide opportunity for meaningful interactions, and strengthen the cohesive Brooks Area identity; welcoming, pioneering, innovative, and resilient.

Goal 2.6- Provide access to places for communal ‘attaching and belonging’ and ‘learning and doing’ at unique, community social gathering places with universal design elements.

Goal 3.1- Incentivize high-paying, socially, environmentally, and fiscally responsible employers who reinvest in the Brooks Area community and its spirit of innovation.

The subject property is located within the SA Tomorrow Brooks Area Regional Center Plan. The subject property is currently undeveloped and is classified as Regional Mixed Use in the future land use map. The requested MF-40 zoning is an appropriate zoning district in areas designated as Regional Mixed Use. The proposed zoning change is requested to allow for the development of a Senior Adult Housing and other uses similar to the surrounding development in this Challenger Drive corridor on the 6.827 acre subject property. Surrounding uses include an express pharmacy, warehouses, ENT clinics, and vacant properties to the north, northeast, east, and south of the subject property.

- 6. Size of Tract:** The subject property is 6.827, which could reasonably accommodate residential development.

7. **Other Factors:** At a density of 40 units per acre and 6.827 acres the maximum density is 7,372 units.
