**Overlay District Information:**

The Facility Parking/Traffic Control District establishes regulations for parking and traffic around large facilities that attract large amounts of vehicle traffic. The overlay district is meant to regulate parking of vehicles in areas not properly zoned for commercial parking; to reduce aesthetic and traffic problems for persons and businesses in these areas; to reduce visual blight, congestion, and wear and tear on city streets; and to increase access for emergency vehicles in these areas.

The "MLOD-3" Martindale Army Airfield Military Lighting Overlay District does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial, with an Alternate Recommendation of “R-4 CD” Residential Single-Family with a Conditional Use for two (2) dwelling units.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Eastside Area Community Plan, adopted in 2024, and is currently designated as “Urban Low Density Residential” in the future land use component of the plan. The requested “RM-4” base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to “Medium Density Residential”. Staff and Planning Commission recommend Denial.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area. Surrounding properties are “R-4” Residential Single-Family.
3. **Suitability as Presently Zoned:** The existing "R-4" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "RM-4" Residential Mixed District is not. The proposed zoning is to develop four (4) dwelling units, a density not consistent with abutting properties. Many of the surrounding properties currently benefit from the “B” to “R-4” Conversion, permitting a duplex. Thus, staff recommends an Alternate Recommendation of “R-4 CD” Residential Single-Family with a Conditional Use for two (2) dwelling units. This maintains a single-family base zoning district and allows for no more than two (2) units on the property. Amending the request to two (2) units also negates the need for a Plan Amendment but does require a Site Plan.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy. Relevant Goals and Policies of the Eastside Community Area Plan may include:
  - Goal 1: Community Stability and Inclusion
    - o Residents and businesses will maintain and enhance neighborhood character in order to provide stability to the area.
  - Higher density multi-family uses, where practical, should be located in proximity to transit facilities.
6. **Size of Tract:** The subject property is 0.1435 acres, which cannot reasonably accommodate the proposed residential development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of

Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

For properties zoned “RM” or “MF” that abut lots zoned residential or are developed with a single family use, the height is restricted to the maximum height of the single family district within 50 feet of the property line.

The proposed rezoning is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.
