Policy:

Education Service Providers will develop and implement policies and procedures on discipline and guidance appropriate for children 3-5 years old. A copy must be provided to all parents/guardians, staff, volunteers, substitute teachers, and contractors. Documentation must be maintained showing receipt of the written discipline and guidance policies and procedures.

The policies and procedures must include positive methods that build self-esteem and support self-control and self-regulation such as:

- Praise and encouragement of developmentally appropriate behavior
- Frequent reminders of behavior expectations using clear and positive statements
- Redirection of behavior using positive statements

The policies and procedures must include guidance on appropriate communication with parents/guardians regarding a child's behavior.

Discipline must be constructive, individualized, and consistent for each child, appropriate to the child's level of understanding, and directed toward teaching the child developmentally appropriate behavior. Education Service Providers must prohibit or severely limit the use of suspension due to a child's behavior. The Education Service Providers must not expel or unenroll a child from Head Start due to a child's behavior, unless approved by the Head Start Administrator.

When appropriate, for the child's age and development, a brief supervised separation, or time away from the group, may be necessary, and should be limited to no more than one minute per year of the child's age.
