RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Eastside Community Area Plan, adopted June 2024, and is currently designated as “Regional Mixed Use” in the future land use component of the plan. The requested “AE-1” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “AE-1” Arts & Entertainment District, “AE-2” Arts & Entertainment District, and “R-4” Residential Single-Family District.
3. **Suitability as Presently Zoned:** The existing “AE-1” Arts & Entertainment District is an appropriate zoning for the property and surrounding area. The proposed “AE-1 S” Arts & Entertainment District with a Specific Use for a Hotel is also appropriate. The “S” Specific Use Authorization is required for the Hotel use. The Arts & Entertainment District was designed to facilitate infill and redevelopment with mixed uses. The subject property is suitably located along the Commerce Avenue corridor, a primary arterial, that accommodates a variety of commercial and residential mixed uses making the proposed zoning suitable for the area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Eastside Community Area Plan:
 - Strategy 1.4: Support businesses that improve residents’ access to daily retail goods and services. Identify opportunities for flexible and/or temporary locations and spaces that offer lower risk and/or lower costs for businesses to experiment (e.g., business incubators, public open spaces, vacant commercial and industrial buildings, parking lots).
 - Strategy 2.2: Actively promote and market employment-oriented development sites in the Eastside Community Area to prospective businesses, site selectors, and economic development entities to attract additional employers to the areas with Neighborhood Mixed-Use, Urban Mixed-Use, Regional Mixed-Use, Employment/Flex Mixed-Use, Business/Innovation Mixed-Use, and Light Industrial future land use designations. These areas can support more employment with higher wages and better career pathways than that provided in typical retail and food service establishments.
 - Strategy
6. **Size of Tract:** The 0.2685-acre site is of sufficient size to accommodate the proposed commercial development.

7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a hotel.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
