## Health and Safety

Amending Chapter 34 Backflow Ordinance Adjustment

# Backflow Assembly

Amending Chapter 34 Backflow Ordinance Adjustment

# SAWS Cross Connection Program

## Backflow Program

TCEQ requires water  
system annual  
monitoring

over 45,000 high-  
health hazard  
assemblies

Backflow Dept.  
responsible for new  
construction and  
enforcement

Test and Maintenance  
Report  
Due by June 30th of  
each year

Amending Chapter 34 Backflow Ordinance Adjustment

# Amending Chapter 34 – Article VIII

## Proposed Updates

- Change the annual due date of the Test & Maintenance Report from June 30th to a rolling 12-month
- Clarification of the person responsible for the backflow assembly
- Clarification of SAWS right to inspect the backflow prevention assemblies
- And other minor language adjustments

Backflow Prevention Program

# Request for Ordinance Change

## Recommended Action

SAWS recommends adoption of amendments to Chapter 34 of the City Code

Amending Chapter 34 Backflow Ordinance Adjustment
