No outdoor storage or display of goods shall be permitted except for outdoor dining.

The Conditional Use would permit the use of Auto Glass Sales – Installation Permitted.

**FISCAL IMPACT:**

None

**PROXIMITY TO CURRENT AND/OR PLANNED REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR AS IDENTIFIED IN THE SA TOMORROW COMPREHENSIVE PLAN:** Subject property is not located within a Regional Center and not within ½ a mile from a Premium Transit Corridor

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted in 2011, and is currently designated as "General Urban Tier" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned "C-3R" General Commercial Restrictive Alcohol Sales District, "C-3NA" General Commercial Nonalcoholic Sales District, and "C-2" Commercial District.
3. **Suitability as Presently Zoned:** The existing "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The proposed "C-2 CD" Commercial District with a Conditional Use for Auto Glass Sales - Installation Permitted is also appropriate. The proposed zoning will keep the lower "C-2" Commercial District as a base zone but adds the single conditional use of Auto Glass Sales and Installation. There are established auto uses including a carwash, oversized vehicle storage, and auto-light truck repair within proximity, so the planned use of auto glass sales is consistent. Lastly, the conditional use requires a site plan that regulates impervious coverage and building size, which cannot be expanded without further public review.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
  - GCF Goal 1: Higher-density uses are focused within the city's 13 regional centers and along its arterial and transit corridors.
  - GCF P12: Develop programs to encourage and incentivize adaptive reuse.

Relevant Goals and Objectives of the West/Southwest Sector Plan may include:

- Goal LU-1: Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses
- ED-2.1: Revitalize existing older commercial nodes and corridors through existing economic and reinvestment programs

6. **Size of Tract:** The 0.474 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop Auto Glass Sales and Installation.
