BACKGROUND: THE SECTION SHOULD DESCRIBE WHAT PROMPTED THE NEED; A BRIEF FINANCIAL SUMMARY; AND THE BID PROCESS.	<p>The Henry B. González Convention Center is located in downtown San Antonio and is adjacent to the Riverwalk. The original Convention Center was built as part of World's Fair - HemisFair '68. Since then, the Henry B. González Convention Center has undergone multiple renovations and expansions. The convention center supports 514,000 square feet of contiguous exhibit space with 86,500 square feet of column-free multipurpose space, over 70 meeting rooms, and two ballrooms, which includes the largest ballroom in Texas.</p> <p>Henry B. González Convention Center is also home to the Lila Cockrell Theatre which is located near the west lobby entrance. The theater is a permanent legacy of the 1968 World's Fair. It was originally designed as a traditional performing arts venue that included ballet, symphony and drama performances. A major renovation in 2010 has enhanced its functionality not only supporting the arts but also an ideal venue for multi-media presentations, concerts, lectures and general meetings for large attendance convention events.</p> <p>As part of accepted scope of work, new front of house rigging points will be added to the structure and extend below the seating area, new rigging points near the front of the stage, additional power, data cabling and an additional catwalk system.</p>
ISSUE: THE SECTION SHOULD CLEARLY AND CONCISELY DESCRIBE THE ACTION BEING REQUESTED OF COUNCIL, AND THE GENERAL IMPACT OF THE RECOMMENDED PROPOSAL.	<p>This ordinance authorizes a contract with Jamail & Smith Construction, LP., to provide the City's Convention and Sports Facilities Department the installation of theatrical rigging infrastructure including all structural, electrical and equipment for a cost not to exceed \$2,077,500.00. Funding for this contract is available from the Convention and Sports Facilities Department FY2024 Redemption and Capital Fund.</p> <p>As part of accepted scope of work, new front of house rigging points will be added to the structure and extend below the seating area, new rigging points near the front of the stage, additional power, data cabling and an additional catwalk system.</p> <p>Upgrades are anticipated to begin in the late fall of 2024 and estimated to be completed prior to the Spring of 2025. Construction activities will be coordinated with the Convention & Sports Facilities department to ensure that disruptions are kept to a minimum.</p>
ALTERNATIVE: DISCUSS VIABLE ALTERNATIVES WITH THE RATIONALE FOR REJECTING EACH. THE ALTERNATIVES FOR TAKING NO ACTION SHOULD BE OUTLINED FROM THE PERSPECTIVE OF ANY FINANCIAL OR	Should this contract not be approved, the Convention and Sports Facilities Department would be required to re-solicit the Lila Cockrell Theater Rigging Project as a Low-Qualified Bid.
