

# Amendment to Professional Service Agreement with Anser Advisory for the Terminal Development Program

Jesus H. Saenz, Jr., IAP, San Antonio Airport System  
Item 12, December 12, 2023

# Background

**Anser awarded Executive Program Manager contract for Terminal Development Program (TDP) on September 29, 2022**

## **Scope of work:**

- Provides technical capabilities and aviation experience to provide Program Management support services for the TDP
- Act as the bridge among the City, Master Architect, Project Management/Construction Management consultant, construction firms, other design firms and technical advisors throughout the development, implementation and close-out of TDP

# Amendment

- When awarded, TDP was in development and key decisions including budget & delivery method had not been determined.
- With award of CMAR, contract value is determined and planned through the completion of the TDP.
- Amendment will allow Anser to provide their technical expertise, program management oversight and staff augmentation to the City.

# Contract Capacity

- **Original amount:** \$6 Million
- **Amendment:** \$24 Million
- **New Value:** \$30 Million
- **Funding Sources:** Aviation Capital funds, federal and state grants and other funding sources
- Payment is limited to amounts budgeted in Capital Budget and is contingent upon city Council's approval of annual budget.
