

City Council A-Session

Item 24 – Memorandum of Understanding with San Antonio Water System (SAWS)

January 30, 2025

Purpose of MOU

The Memorandum of Understanding (MOU) with San Antonio Water System provides coordination and management of 2022 Bond Program projects.

MOU Guiding Principles

SAWS Board of Trustees approved the execution of the Memorandum of Understanding (MOU) on January 14, 2025 which includes:

- Categorization of projects as Normal or High Risk based on the age and complexity of the project.
- SAWS shall be responsible for the verification or cost of verifying current underground utilities including “potholing” to accurately identify locations.
- SAWS will be a Joint Signatory with COSA for Design and Construction Contracts.
- Establish a formalized Dispute Resolution process to resolve any project related issues quickly.

Recommendation

Approval of the MOU with San Antonio Water System for coordination and management of 2022 Bond Program projects.

- Reduce Project Costs
- Minimize Roadway Closures
- Reduce Disruptions for Businesses and the Community
