**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not located within a Regional Center and is not within ½ a mile of a Premium Transit Corridor.

## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted in 2011, and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area. Surrounding properties are “R-6” Residential Single-Family.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “C-2” Commercial District is not appropriate. The proposed “C-2” would allow uses such as liquor store, auto maintenance for oil changes, lube & tune-up, and other potentially intense commercial uses on the property. The property was previously used for Bexar County Emergency Support for fire emergency, which is a less intense use than the proposed auto repair.
4. **Health, Safety and Welfare:** Staff has found indication of likely adverse effects on the public health, safety, or welfare. The proposed auto repair use may cause an increase in noise pollution and increased traffic to the neighborhoods primary access point.
5. **Public Policy:** The request does appear to conflict with public policy. Relevant Goals and Policies of the Comprehensive Master Plan may include:
  - H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
  - H Policy 11: Encourage and incentivize new housing development projects to provide a mixture of housing types, sizes and prices.Relevant Goals and Policies of the West/Southwest Sector Plan may include:
  - Goal HOU-1.1 Promote quality design and construction for new housing.
  - Goal HOU-1.2 Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood.
6. **Size of Tract:** The subject property is 0.4550 acres, which can reasonably accommodate the proposed commercial development.
7. **Other Factors:** The applicant intends to use the property for minor automotive repair, oil change and lube in an existing commercial building.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
