**WHEREAS**, the purpose of the Edwards Aquifer Protection Program is to obtain property rights by fee simple purchase, conservation easements or donations of land over the sensitive zones of the Edwards Aquifer. This program was initiated in May 2000 when voters approved Proposition 3, a 1/8-cent sales tax revenue up to \$45 million for the acquisition of lands over the Edwards Aquifer for parks and watershed protection. Proposition 3 ran from 2000 through 2005 and was limited to Bexar County, and

**WHEREAS**, the 2005 Proposition 1 program was an extension of the initial voter-approved Edwards Aquifer protection endeavor and was extended by voters in 2010 and renewed again in 2015. Changer is state legislation allowed watershed protection activities to expanded outside of Bexar County. In 2020, City Council approved a 10-year, \$100 million alternative funding program through the San Antonio Municipal Facilities Corporation which will issue debt for the Edwards Aquifer Protection Program to continue its mission of protecting recharge water quality and quantity over the Edwards Aquifer Recharge and Contributing Zones; and

**WHEREAS**, the Edwards Aquifer Protection Program acquired a conservation easement on 67.25 acres located nearby from the San Antonio Municipal Utility District No. 1 in 2019; the proposed acceptance of a conservation easement donation on the San Antonio Municipal Utility District No. 1 Phase II properties is located over the Edwards Aquifer Recharge and Contributing Zones and consists of 54.692 acres in Bexar County, Texas; the property was initially identified through use of the Scientific Evaluation Team’s GIS Spatial Model and subsequent site visits identified favorable recharge features on the property; the subject properties are located within the Lower Culebra Creek watershed which contributes to the Medina and San Antonio Rivers and provides significant recharge to the Edwards Aquifer; the Edwards Aquifer Authority issued a geological assessment of the property confirming that preservation would provide moderate quantity and moderate water quality benefit for the City of San Antonio; and

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:**
