RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Heritage South Sector Plan, adopted in 2010, and is currently designated as "Suburban Tier" and "General Urban Tier" in the future land use component of the plan. The requested "C-2" and "R-4" base zoning district is consistent with the future land use designations.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding zones consist of "R-4" Residential Single-Family District, "R-6 CD" Residential Single-Family District with a Conditional Use for Two (2) Manufactured Homes, "C-2" Commercial District, and "C-3" General Commercial District.
3. **Suitability as Presently Zoned:** The existing "R-4" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "R-4 S" Residential Single-Family District with a Specific Use Authorization for a Cemetery, Columbarium, or Mausoleum and "C-2NA CD" Commercial Nonalcoholic Sales District with a Conditional Use for a Funeral Home/Undertaking Parlor are also appropriate. Common land use principles recommend that commercial uses be kept along main arterials as to not further congest local streets. Given that the property falls in between a secondary arterial and collector street, staff finds that it meets the locational requirements to accommodate traffic. Additionally, at 80.39 acres the subject area is of sufficient size to accommodate the proposed uses. The applicant will have to adhere to the prescribed site plan required for Conditional Use and Specific Use zoning, and any deviation from the approved document could potentially warrant additional council consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives. Relevant Goals and Policies of the Comprehensive Plan may include:
 - GCF Goal 1: Higher-density uses are focused within the city's 13 regional centers and along its arterial and transit corridors.
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.

Relevant Goals and Policies of the Heritage South Sector Plan may include:

- Goal COM-1: Multi-purpose community centers through public-private and non-profit partnerships.
- Goal LU-1: Land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability.

- Goal LU-3: Urban, commercial, and rural development are concentrated in strategic areas supported by targeted public and private investments.

6. **Size of Tract:** The 80.39-acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a Cemetery, Columbarium, or Mausoleum.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop a Funeral Home/Undertaking Parlor.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.

One access may be allowed onto US 281. Two access points may be allowed onto S Flores Rd (FM 1937). TxDOT has concerns about zoning a cemetery here as it would limit the potential for expansion of both FM 1937 and US 281 in the future. TxDOT Coordination would be required.
