RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Highway 151 and Loop 1604 Area Regional Center, adopted April 2022, and is currently designated as “Regional Mixed Use” in the future land use component of the plan. The requested “C-3 S” base zoning is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning is consistent with the established development pattern of the surrounding area.
- 3. Suitability as Presently Zoned:** The existing “C-3” General Commercial is an appropriate zoning for the property and the surround area. The proposed “C-3 S” General Commercial with Specific Use Authorization for a Helistop is also appropriate zoning for the property and surrounding area. The helistop is an accessory use for the primary hospital use.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Objectives of the SA Tomorrow Highway 151 and Loop 1604 Regional Center include:
 - Goal 1: Create a cohesive identity for the area while preserving Hill Country character.
 - Goal 3: Leverage education, infrastructure, and business assets to support future economic growth.
- 6. Size of Tract:** The 0.388-acre site is of sufficient size to accommodate the proposed commercial development.
- 7. Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a Helistop within the hospital campus.
