**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

- 1. Consistency:** The subject property is located within the Near Northwest Community Plan, adopted in February 2002, and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “R-4” Residential Single-Family District, “C-1” Light Commercial District, and “C-2” Commercial District.
- 3. Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “C-2” Commercial District is also an appropriate zoning for the property and surrounding area. The proposed “C-2” is appropriately located near a Secondary Arterial Road and is abutting existing “C-2” properties. The proposed use is for a parking lot, which is consistent with the surrounding land uses.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the Near Northwest Community Plan may include:
  - **Goal 2- Economic Development:** Ensure the Near NW Community’s business corridors are filled with a mix of uses including professional offices, residences and busy shops, providing neighbors an attractive place to walk for shopping, playing, working and relaxing both day and night.
  - **Goal 5- Infrastructure Improvements:** Maintain and invest in the area’s street network and public infrastructure.
- 6. Size of Tract:** The 0.3075-acre site is of sufficient size to accommodate the proposed commercial development.
- 7. Other Factors:** The zoning change request is to allow for the development of a parking lot.
