PROXIMITY TO CURRENT AND/OR PLANNED REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR AS IDENTIFIED IN THE SA TOMORROW COMPREHENSIVE PLAN:

The subject property is not located within a Regional Center but is within ½ a mile of the General McMullen Babcock Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. A portion of the property is currently zoned “C-2 CD” Commercial District with a Conditional use for a Home Improvement Center.
- 3. Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District, “C-2 CD” Commercial District with a Conditional use for a Home Improvement Center, “C-3R” General Commercial Restrictive Alcoholic Sales District are appropriate zonings for the property and surrounding area. The proposed “C-2 CD Commercial District with a Conditional use for a Home Improvement Center is also appropriate. The applicants are wanting to consolidate the varied zonings for their property into one zoning district and bring the existing

window sales shop into compliance. There are established commercial uses at a similar intensity to the north, east, and south along General McMullen Drive.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy. Relevant Goals and Policies of the Comprehensive Master Plan may include:
 - GCF Goal 1 Higher Density uses are focused within the city's 13 regional centers and along its arterial and transit corridors.
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - H P30: Ensure infill development is compatible with existing neighborhoods.

Relevant Goals and Policies of the Heritage South Sector Plan may include:

- Goal LU-1 Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.
 - LU-1.1: Limit encroachment of commercial uses into established low-density residential areas.
 - LU-1.3: Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby.
6. **Size of Tract:** The 0.38 acres site is of sufficient size to accommodate the proposed commercial development.
 7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to bring into compliance the existing Home Improvement Center.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
