## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted April 2011, and is currently designated as “General urban Tier” in the future land use component of the plan. The requested “R-4” base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “R-6” Residential Single-Family District, “C-2” Commercial District, “C-3R” General Commercial Restrictive Alcoholic Sales District, and “C-3NA” General Commercial Nonalcoholic Sales District.
- 3. Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-4” Residential Single-Family District is also appropriate. The subject property abuts and is surrounded by existing “R-6” residential zoning districts. The request would not change the uses currently permitted on the property and would allow a higher density of residences. The proposed zoning is also consistent with the goals of the Strategic Housing Implementation Plan which encourages the development of alternate housing types to accommodate the city’s growing population at all income levels
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does appear to conflict with any public policy. Relevant Goals and Policies of the West/Southwest Sector Plan may include:
  - **HOU-1:** Housing Stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Plan.
  - **HOU-2:** New housing Developments locate near existing community facilities, schools, and physical infrastructure (e.g., streets, water, sewer, etc.) with sufficient capacity to serve new developments.
  - **LU-1:** Land Use patter emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.

Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:

- **H Goal 2:** A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
- **H Goal 5:** High-density housing choices are available within the city’s 13 regional centers and along its arterial and transit corridors.

6. **Size of Tract:** The 2.83 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The property is proposed for development of a residential subdivision with lot sizes between 4266.65 square feet and 5417.57 square feet. At 2.83 acres, there could potentially be development of 30 lots. The applicant is proposing 13 lots with the rezoning.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The proposed rezoning maintains the residential base district but is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.
