Overlay District Information:

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration. The "MLOD-2" Lackland Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

ALTERNATIVES:

Current Zoning: C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

Proposed Zoning: C-3 districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

FISCAL IMPACT:

None

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center but is within ½ a mile of the Looper Premium Metro Premium Plus Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted in 2011, and is currently designated as "General Urban Tier" in the future land use component of the plan. The requested "C-3" base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area. Surrounding properties are zoned "R-6 PUD" Residential Single-Family District Planned Unit Development, "C-3" General Commercial District, and "C-2" Commercial District.
- 3. Suitability as Presently Zoned:** The existing "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The proposed "C-3" General Commercial District is not appropriate. Common land use principles recommend that more intense

commercial uses be kept along main arterials away from residential uses. Given that the property fronts a local street and is in proximity to single-family residences, staff finds that the property does not meet the locational criteria for the high intense commercial uses "C-3" permits. The existing zoning district permits more suitable commercial options that will not negatively impact the abutting residences.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy. Relevant Goals and Policies of the West/Southwest Sector Plan may include: - Goal LU-1: Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses. - LU-1.3 Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby.
 - Goal LU-1: Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.
 - LU-1.3 Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby.
6. **Size of Tract:** The 1.0272-acre site is of sufficient size to accommodate the proposed development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
