ALTERNATIVES:

Current Zoning: “C-2” Commercial Districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

“C-3” General Commercial Districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

Proposed Zoning: "MXD" Mixed Use District provides a concentrated mix of residential, retail, service, and office uses.

FISCAL IMPACT:

None

PROXIMITY TO CURRENT AND/OR PLANNED REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR AS IDENTIFIED IN THE SA TOMORROW COMPREHENSIVE PLAN:

Subject property is not located within a Regional Center but is within ½ a mile from the Huebner – Grissom Metro Premium Transit Corridor

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Northwest Community Plan adopted in 1998, updated in 2004 and 2011, and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “MXD” base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to Mixed Use. Staff recommends Approval. Planning Commission recommendation is pending the May 28, 2025, hearing.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Properties surrounding the subject area are zoned “R-6”, “R-4” Residential Single-Family District, “C-3” General Commercial District and “C-2” Commercial District.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District and “C-3” General Commercial District are appropriate zonings for the property and surrounding area. The proposed “MXD” Mixed Use District with a maximum density of 25 units per acre is also appropriate. The intent of the zoning is for a multi-family development with an on-site pre-kindergarten school. Given the mix of commercial and residential uses in the area, the proposed zoning and use aligns with surrounding properties. The subject property also fronts Tezel Road, a minor arterial, which can accommodate the residential and commercial traffic. Additionally, the request would be a downzone from the current “C-3” designation, reducing the potential for higher intense commercial uses abutting the residentially zoned properties to the east. The site plan prescribed by the “MXD” base zoning designation will regulate various development aspects and deviation from the approved document could warrant additional City Council consideration. Furthermore, the proposal aligns with the goals of the Strategic Housing Implementation Plan (SHIP), which encourages the development of additional housing stock to accommodate the City’s growing population.

- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the Comprehensive Plan may include:
- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate.
 - GCF P13: Evaluate commercial and industrial land use and zoning designations in the core of the city, regional centers, urban centers and primary transit corridors to determine areas that could be converted to residential or mixed-use.
 - GCF P14: Establish appropriate buffers and transitions (land use, form and/or landscaping) between residential neighborhoods and surrounding higher-density development.

Relevant Goals and Objectives of the Northwest Community Plan may include:

- Goal-1: Encourage neighborhood-friendly business development
 - o Strategies-1: 2 Commercial uses to be easily accessible
 - o Strategies-1: 3 Community to help reducing commercial vacancy along Tezel Road
 - Goal-2: Encourage commercial development at nodes
- 6. Size of Tract:** The 5.76-acre site is of sufficient size to accommodate the proposed mixed-use development.
- 7. Other Factors:** The property is proposed for development of multifamily uses that shall not exceed 25 units per acre. At 5.76 acres, there could potentially be development of 144 units. The applicant is proposing to build 78 units.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates residential and commercial uses.
