**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Heritage South Sector Plan, adopted September 16, 2010, and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “FBZ” Form-Based Zoning, “UD” Urban Development District, “MPCD” Master Plan Community Development District, and “MF-25” Low-Density Multi-Family District.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The proposed “C-2 S” Commercial District with Specific use for a Hospital is also appropriate. The request keeps the existing base zoning district of “C-2” and permits the additional use of a hospital. The property is appropriately located along an interstate highway, which can accommodate commercial traffic, and is located across from other “C-2” zoned properties. The Specific Use Authorization requires a prescribed site plan for future development and any modification may need further public review.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with any public policy. Relevant Goals and Policies of the Heritage South Sector Plan may include:
  - **Goal LU-2:** Design guidelines for non-residential uses to encourage compatibility of adjacent properties.
  - **Goal LU-3:** Urban, commercial, and rural development are concentrated in strategic areas supported by targeted public and private investments.
  - **Goal LU-5:** A community that applies sustainable development patterns and principles.

Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:

- **GCF Goal 2:** Priority growth areas attract jobs and residents.
- **GCF Goal 5:** Growth and city form support improved livability in existing and future neighborhoods.
- **GCF Goal 6:** Growth and city form support community health and wellness.

6. **Size of Tract:** The 9.141 acres site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a hospital.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.

No access may be allowed onto LP 410 frontage due to driveway location within a turn lane. TxDOT coordination would be required.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
