BACKGROUND INFORMATION:

Project Background

On May 7, 2022, voters approved the 2022 Bond Program, which included \$800,000 for improvements to Benavides Park. Benavides Park is located at 1500 Saltillo Street in Council District 5. The project will provide a new skate area, tree planting and irrigation, and other park improvements, such as sidewalks, paving, new lighting, grading and drainage improvements. The additive alternates include upgrading acrylic surfacing for the skate area and a proposed beginner pump track. Construction is anticipated to begin in the Spring 2025 and is estimated to be completed by Fall 2025.

Procurement of Services

This project was advertised on July 19, 2024, for construction bids in the San Antonio Hart Beat, the City's website, the Texas Electronic State Business Daily, on TVSA, and through the electronic bidding website CivCast. Bids were opened on August 20, 2024, and three (3) bids were received. The apparent low bidder withdrew their bid, thereby making the bid from Jerdon Enterprise, L.P. the lowest responsive bid as indicated in the attached bid summary.

This contract will be awarded in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts to be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 20% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 3% African American Business Enterprise subcontracting goal. Jerdon Enterprise, L.P. has committed to meeting the subcontractor participation and goals.

This construction contract was developed utilizing the low qualified bid process; therefore, a Contracts Disclosure Form is not required.

This vendor has acknowledged to comply with the Heat Illness Prevention Ordinance, approved on August 31, 2023 through Ordinance #2023-08-31-0585.
