

WRITTEN AGREEMENT REGARDING SERVICES FOR PROPERTY IN THE NORTHLAKE SPECIAL IMPROVEMENT DISTRICT

In the event the City annexes the Annexation Area pursuant to the terms of Section 4.6, of the Development Agreement between the City of San Antonio (hereinafter, referred to as “City”) and Northlake SA, LLC, a Texas limited liability company (hereinafter referred to as “Owner”), the Parties agreed that Article VI of the Agreement shall constitute a Written Agreement Regarding Services required under Chapter 43, section 43.0672 of the Code; shall run with the land; and shall govern all municipal services to be provided to the Annexation Area. The City shall be under no further obligation to negotiate services with any subsequent owners of any property located or developed within the Annexation Area other than the services set forth herein, provided that upon annexation of the Annexation Area, if the municipal services have changed or otherwise include additional services not referenced herein, the City will provide all municipal services to the Annexation Area that apply to other properties located within the City limits within three (3) years after the date of annexation. The Agreement Regarding Services shall survive termination of this Agreement only to the extent the City annexes the Annexation Area pursuant to this Agreement.

In general, this Agreement Regarding Services includes three service components: *(1) Annexation Service Requirements, (2) Additional Services, and (3) a Capital Improvement Program*. The Parties agree that providing services includes having services provided by any method or means by which the City extends municipal services to any other area of the City. This may include causing or allowing private utilities, governmental entities and other public and private non-profit service organizations to provide such services by contract in whole or in part. It may also include separate agreements with associations or similar entities. Services shall be provided, and fees shall be assessed in accordance with the City’s Code of Ordinances, as may be amended.

1 Annexation Service Requirements. The following services will be provided in the Annexation Area commencing on the effective date of the annexation for full purposes, unless otherwise noted.

1.1 Police Protection. The San Antonio Police Department (“SAPD”) will provide protection and law enforcement services in the Annexation Area within the time frame established in section 1.1.

These services include:

- Routine patrols and responses;
- Handling of complaints and incident reports;
- Special units, such as traffic enforcement, criminal investigations, covert operations, K-9 Unit, Family Assistance Crisis Teams, Bomb Squad, and Special Weapons and Tactics Team; and
- Any other services or programs provided to the citizens of San Antonio at the time of annexation.

The Annexation Area will become part of an existing patrol district based upon factors such as the size of the area, population, and the expected number of calls for service. These factors will also determine the need for hiring additional patrol officers to ensure all patrol districts

are adequately staffed twenty-four (24) hours a day, seven (7) days a week, and to maintain an average response time. SAPD San Antonio Fear Free Environment Unit officers will be available to meet as requested to discuss police issues.

Police Substations are responsible for a Patrol “Service Area,” under the command of a Captain. These Service Areas are divided into Patrol Sections. The Patrol Sections, with supervisory responsibilities assigned to Sergeants, are divided into “Patrol Districts.” The “Patrol Districts” are geographically defined areas established for several reasons, including but not limited to:

- Serving as a manpower distribution tool based on call volume, population, area size, and geographic variables;
- Providing a means of establishing primary responsibility to individual officers, during their tour of duty, for various activities within a specific geographic area; and
- Providing an efficient and effective means of assigning, identifying, and locating officers, within a generalized area, using currently available technology.

The Annexation Area will be served by the substation assigned to that geographic area. There is no specific number of officers that can be assigned to a patrol district. Patrol districts are staffed with at least one officer, twenty-four (24) hours a day, seven (7) days a week. Many times, multiple officers are assigned to single districts.

Police services are initiated by on-sight officer activity, citizen requests, and any other means available. The most common means by which officers receive their assignments is through direct supervisory command and radio/computer transmissions by police dispatchers.

1.2 Fire Protection and Emergency Medical Service (“EMS”). The San Antonio Fire Department (“SAFD”) will provide fire protection services and EMS service. Service will be provided through the use of fire engines, ladder trucks, full-time and peak period EMS ambulances, Medical Officers, and Chief Officers. SAFD will be providing fire protection and EMS from the station assigned to that geographic area.

1.3 Solid Waste Collection Services. Solid Waste Collection services are provided, and fees are assessed in accordance with Chapter 14 of the City’ Code of Ordinances, as may be amended. Fees for services are assessed monthly on CPS Energy Utility bills. If private collection services are used, the City solid waste fees will not be assessed.

1.3.1 Commercial Solid Waste Services. The City’s Commercial collection for garbage are available on a case by case basis for qualifying businesses in a manner similar to residential services. Bulky item, brush and bagged leaf collections are not provided to businesses. If the City-provided commercial service is not desired, businesses may utilize private service providers.

1.4 Operation and Maintenance of Water and Wastewater Facilities. If, at the time of annexation, the Annexation Area is not being provided with water and wastewater service, the San Antonio Water System (“SAWS”) will extend water and wastewater service to the Annexation Area at the request of a resident pursuant to SAWS policies regarding extensions of service. SAWS will provide water and wastewater service in accordance with standard SAWS policies and procedures.

1.5 Operation and Maintenance of Roads and Streets, including Street Lighting. The Public Works Department is responsible for the maintenance and repair of streets, bridges, alleys, and related infrastructure within the City’s jurisdiction. Curbs, sidewalks, driveway approaches, curb ramps, and other street infrastructures are constructed in accordance with the City and the Americans with Disability Act standards. Service requests or community concerns for the Public Works Department’s response, such as pothole and base and pavement repairs are initiated through the City’s 311 call center or online services. These services include:

- Emergency Pavement Repair;
- Street Base and Pavement Repair;
- Preventative Street Maintenance;
- Guard Post and Guard Rail Maintenance;
- De-icing and Snow Removal Services;
- Neighborhood Access and Mobility Program;
- Emergency Street Closure Services; and
- Street Re-striping and Marking Services

Infrastructure Management Program (IMP) is a five (5) year rolling program, which focuses on the maintenance of the City infrastructure. Service needs are identified city-wide and are scheduled for street maintenance, alley maintenance, drainage maintenance, sidewalks, traffic signals, pavement marking, and Advance Transportation District (ATD) projects. The IMP provides the City a structured program schedule, potential for additional multiple year contract awards and improved utility coordination. During the budget process for each fiscal year of the City, the IMP is presented to City Council for approval. Amendments may occur throughout the year due to coordination with utilities or unforeseen conditions, such as inclement weather. The goal of the IMP is to provide the best possible maintenance for the City.

1.6 Transportation Systems Management & Operations. If necessary, the Public Works Department will provide regulatory signage services. Traffic signal stop and all other regulatory studies are conducted in conjunction with growth of traffic volumes. Traffic signs, signals, and markings are installed in conformance with the Texas Manual on Uniform Traffic Control Devices. Faded, vandalized, or missing signs are replaced as needed. “Call back” service is provided twenty-four (24) hours a day, three hundred sixty-five (365) days a year for emergency repair of critical regulatory signs. Requests for signage should be called into the City’s 311 Call Center.

1.7 Storm Water Utility. The Storm Water Utility is housed within the Public Works Department. The Storm Water Utility is responsible for drainage services as well as

the installation, operation, and maintenance of drainage infrastructure throughout San Antonio.

The Storm Water Utility Fee is intended to cover capital and maintenance expenses associated with drainage projects and fund operational services related to the Municipal Separate Storm Sewer System (MS4) Permit as required by Federal regulations. More information about the storm water rate plan is available at on the Public Works website.

The Storm Water Utility Fee is billed by SAWS on behalf of the City. Services are currently provided by the SAWS, in accordance with the SAWS's approved business plan and as limited by applicable codes, laws, ordinances, and special agreements. Storm Water Utility Fees will be assessed for the subject property.

1.8 **Street Lighting.** The planning of public streetlights is coordinated by the City's Development Services Department ("DSD"). CPS Energy will maintain public street lighting in accordance with City's policies. The City assumes the cost of electricity for public streetlights.

1.9 **Operation and Maintenance of Parks, Playgrounds and Swimming Pools.** Maintenance responsibilities for municipally owned parks, playgrounds, and swimming pools are the responsibility of the City. Any proposed or existing privately-owned parks, playgrounds, swimming pools, recreational facilities, and common spaces in the Annexation Area are the responsibility of the property owner(s).

1.10 **Operation and Maintenance of Any Other Publicly Owned Facility, Building, or Service.** Should the City acquire any other facilities, buildings, or services necessary for municipal services for the Annexation Area, an appropriate City department will provide maintenance services for them.

2. **Additional Services.** Certain services, in addition to the above services, will be provided within the Annexation Area commencing on the effective date of the annexation for full purposes, unless otherwise noted. They are as follows:

2.1 **Code Compliance.** The Code Compliance Division of DSD enforces the City codes and regulations to protect the health, safety and general welfare of the community. Current enforcement is provided to the following and is not limited to:

- Vacant dangerous premises and structures;
- Junked vehicles;
- Weeded vacant lots;
- Zoning UDC;
- Property maintenance;
- Minimum housing, including unsanitary premises;
- Front yard parking;
- Alley and right-of-way violations;
- Monthly inspections of salvage/junk yards;
- Monitoring and enforcing materials received at salvage/junk yards;
- Enforcement of garage sale permits; and

- The Code and ordinances enforced by DSD are subject to changes by the City Council.

2.2. **Building and Other Permits.** Incomplete construction must obtain building permits from DSD in accordance with the City codes. Incomplete construction implies that final inspections have not been conducted and approved. For new commercial construction, incomplete construction indicates approved final inspections for building, mechanical, plumbing, electric, fire, traffic, drainage, sidewalks, irrigation inspections have not been obtained. Other field inspections may be applicable for new commercial construction depending on the specific use and/or location of the Project. Any required permits, including, but not limited to, building, trade, and sign permits may be applied for at the Cliff Morton Development and Business Services Center located at 1901 South Alamo Street, San Antonio, Texas. In addition, as part of the permitting process, applicant will be required to adhere to the City's Tree and Landscape requirements. A one-stop development service counter has been created to assist the public with any development questions that relate to building, planning and TCI issues.

2.3 **Certificate of Occupancy.** New and existing businesses must obtain a Certificate of Occupancy and related inspections required by the City code from DSD and San Antonio Metropolitan Health District. In accordance with the adopted Building Code, no person may occupy a building or a space without first obtaining a Certificate of Occupancy. Certificates of Occupancy may be applied for at the Cliff Morton Development and Business Services Center located at 1901 South Alamo Street, San Antonio, Texas.

2.4 **Library Services.** The nearest library services to the Annexation Area can be identified through the San Antonio Public Library website.

The San Antonio Public Library locations provide the following services:

- Library materials for adults, young adults and children including books, periodicals, compact disks, DVD, videos, audio books, and electronic books;
- Programming for adults, young adults and children such as regularly scheduled story time;
- Book discussion groups and other topics of interest to the community; and
- Access to the website, databases and other computer programs, is available seven days a week through the web address www.mysapl.org/digital.

Professional staff is available to assist library customers with reference and reader's advisory questions and public meeting room space are available. More information is available at the San Antonio Public Library Website: www.mysapl.org.

2.5 **Health Department Services.** The San Antonio Metropolitan Health District ("SAMHD") currently provides certain public health services, including dental screening and treatment, communicable disease control, emergency preparedness and response, and health education to persons residing in the Annexation Area through an inter-local agreement with Bexar County-University Health Systems. Upon full purpose annexation the following additional services will become available:

- Investigation of public health related complaints including food borne illness, recreational water quality, and public swimming pools and spas, and investigation of toxic exposures;
- Permitting and routine sanitation inspections of food establishments, schools, day cares, swimming pools and mobile living parks;
- Enforcement of the City's smoking ordinance in public places;
- Investigation of reported elevated Blood Lead Levels in children;
- Access to community health clinics; and
- Medical Assistance Program benefits.

SAMHD will provide additional services for oversight of day care centers, semi-public swimming pools, air quality permits, and livestock issues.

2.6 Animal Care Services. The Annexation Area will receive the same level of service as within the City Limits of the City. These services include, but may not be limited to, animal enforcement and control, educational and public outreach, low cost animal related resources such as microchips and spay/neuter services, and community cat program services.

2.7 Other Services. The City Departments with jurisdiction in the Annexation Area will provide services according to City policy and procedures.

3 Capital Improvements Program. The City will initiate the construction of capital improvements as may be necessary for providing municipal services. The timing for the construction of capital projects that may be necessary for the delivery of municipal services will be done in accordance with the requirements of Subchapter C of Chapter 43, of the Code.

Each component of the Capital Improvement Program is subject to the City providing the related service directly. In the event that the related service is provided through a contract service provider, the capital improvement may not be constructed or acquired by the City but may be provided by the contract provider. The City may also lease buildings in lieu of construction of any necessary buildings.

3.1 Police Protection. No capital improvements are necessary at this time to provide police services.

3.2 Fire Protection. No capital improvements are necessary at this time to provide fire services.

3.3 Emergency Medical Service. No capital improvements are necessary at this time to provide EMS services.

3.4 Solid Waste Collection. No capital improvements are necessary at this time to provide solid waste collection services.

3.5 Roads and Streets. No newly constructed road or street related capital improvements are necessary at this time to provide services. The City will assume maintenance responsibilities for all public streets.

3.6 Parks, Playgrounds and Swimming Pools. No capital improvements are

necessary at this time to provide parks and recreation services.

3.7 **Library Services.** No capital improvements are necessary at this time.

3.8 **Capital Improvements Planning.** The Annexation Area will be included with other territory within the municipality in connection with planning for new or expanded facilities and/or services. All other capital improvements will be considered through the 6-Year Capital Budget that represents the City's long-range physical infrastructure development and improve plan. Major funding sources are General Obligation Bonds, Certificates of Obligation, Storm Water Revenue Bonds, and Community Development Block Grants as applicable. Capital projects are placed in inventory by the City Council representative through input from community and neighborhood associations, other public processes, and comprehensive planning processes.

This Article in no way prohibits the City from amending any or modifying any of the above programs or services in accordance with the police, legislative, and regulatory power of the City. Any such changes in services that apply to all properties for which the above services are provided shall apply to all property annexed pursuant to this Agreement.
