**Current Base Zoning:** "R-4"

**Current Land Uses:** Single-Family Dwellings, Multi-Family Dwellings

**Direction:** West

**Current Base Zoning:** "R-4"

**Current Land Uses:** Single-Family Dwellings

**Overlay District Information:**

The "MLOD-3" Martindale Army Airfield Military Lighting Overlay District does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Southeast Community Area Plan, adopted December 2022, and is currently designated as “Urban Low Density Residential” in the future land use component of the plan. The requested “RM-5” base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “R-4” Single-Family Residential.
- 3. Suitability as Presently Zoned:** The existing “R-4” Single-Family Residential District is an appropriate zoning for the property and surrounding area. The proposed “RM-5” Residential Mixed District is also appropriate. The subject property is existing multi-family and is located within proximity to property zoned for multi-family use to the east. The requested zoning is for residential uses and would limit the property to three dwelling units and one accessory dwelling unit. The proposed zoning is also consistent with the goals of the Strategic Housing Implementation Plan which encourages the development of alternate housing types to accommodate the city’s growing population at all income levels.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the Southeast Community Area Plan may include:
  - **Goal 4: Housing:** Provide a variety of high-quality, mixed-income housing options that are well-maintained, complimentary to the character of existing neighborhoods, and accommodating to all stages of life.
  - **Housing Recommendation #1:** Attract a greater diversity of housing product types and options for existing and new residents, in all stages of life.
  - **Housing Recommendation #2:** Support reinvestment in neighborhoods and existing homes, especially older, single-family neighborhoods.
- 6. Size of Tract:** The 0.188-acre site is of sufficient size to accommodate the proposed residential development.
- 7. Other Factors:** The requested rezoning is to allow three (3) dwelling units on the property.

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of

Understanding, Texas Army National Guard and JB SA were notified of the proposed request. The Military has indicated that there are no objections to this request.

For properties zoned “RM” or “MF” that abut lots zoned residential or are developed with a single-family use, the height is restricted to the maximum height of the single family district within 50 feet of the property line.

The proposed rezoning maintains the residential base district but is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.
