

City Council A-Session

**Item 29 – Funding Reallocation: East-West Connector
Major Thoroughfare Plan (MTP) Realignment Project**

October 31, 2024

Razi Hosseini, P.E., R.P.L.S., Director/City Engineer, Public Works Department

Background

- City supports the development of an East-West roadway across the southern region of San Antonio, providing access to major manufacturing employers
- East-West business corridor is one of the City's proposed priorities for the 89th legislative session
- Proposing the use of \$250,000 in Economic Development Incentive Fund (EDIF) for East-West Connector MTP Realignment project to complete a feasibility study.

Map

Scope of Feasibility Study

- Identify and evaluate roadway alignment alternatives from IH-35 to IH-37 including:
 - Data collection
 - Potential environmental and right-of-way impacts
 - Traffic engineering projections and construction cost estimates
- Intent of study is to gather necessary data that could be used to secure future potential federal and state funding for construction of the East-West roadway.

Recommendation

Approval of the East-West Connector MTP Realignment Project and allocation of FY 2025 Economic Development Incentive funds in the amount of \$250,000.00 to this project.
