RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed land use amendment from "Specialized Center" to "Suburban Tier" is requested to rezone the property to "R-4" Residential Single-Family District. The strip of land was originally "Suburban Tier" but changed in 2021 to the current "Specialized Center" to permit "L" Light Industrial uses. A new applicant is now requesting to return it back for a single-family housing development and return the land use so it is consistent with surrounding properties.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan adequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails.
