RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the San Antonio International Airport Vicinity Land Use Plan, adopted May 2010, and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “NC” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-6 CD” Residential Single-Family District with a Conditional Use for Real Estate Office is an appropriate zoning for the property and surrounding area. The proposed “NC” Neighborhood Commercial District is also an appropriate zoning for the surrounding area. The applicant intends to continue to use the property as a Professional Office but needs a commercial zoning designation which will allow signage along Nacogdoches Road.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the San Antonio International Airport Vicinity Land Use Plan:
 - Goal 1: Protect the quality of life of residents including health, safety and welfare.
 - Goal V: Implement land use strategies in a coordinated, phased process.
6. **Size of Tract:** The 0.2059-acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The proposed zoning change is to allow for signage and office use on the property.

The “NC” Neighborhood Commercial zoning designation allows a 3,000 square foot building for a single-use tenant. The existing building is approximately 2,000 square feet. The “NC” Neighborhood Commercial District also allows one (1) sign on the building but does not allow temporary signage.
