Debbie Racca-Sittre, City Clerk,

It is my pleasure to nominate Shaun Donovan, San Antonio River Authority's Manager of Environmental Sciences as the River Authority's staff on the SA Climate Ready Advisory Committee.

Shaun has been with the River Authority since 2012, working originally as an Aquatic Biologist and worked his way to the Senior Aquatic Biologist position before being promoted to management. In his time with the River Authority, he has been instrumental in developing and expanding proactive ecological restoration efforts throughout the basin including fish and mussel reintroductions. He is a Certified Fisheries Professional and active member of the American Fisheries Society and a certified Project Management Professional. Through his time with the River Authority, he has led the effort to reintroduce native freshwater mussels to the San Antonio River Mission Reach and is engaged with the Edwards Aquifer Habitat Conservation Plan Stakeholder Committee. I believe Shaun will be a productive member of the SA Climate Ready Advisory Committee. Please accept Shaun as the River Authority's new staff participant to the Advisory Committee.

If you have any questions, please feel free to contact Shaun or me at sdonovan@sariverauthority.org or dboese@sariverauthority.org.

Sincerely,

Derek Boese, JD, PMP
