Comprehensive Plan

Comprehensive Plan Component: Midtown Area Regional Center Plan

Plan Adoption Date: June 2019

Plan Goals:

- Goal 4: Support Unique, Mixed Activity Areas
 - Accommodate growth while preserving distinct characteristics of each part of Midtown and providing thoughtful transitions between uses.
- Goal 5: Broaden Housing Choices
 - Offer a range of housing types and price-points to meet the diverse needs of residents such as, seniors, students, families, and others.

Comprehensive Land Use Categories

Land Use Category: “Urban Mixed Use”

Description of Land Use Category: Urban Mixed-Use contains a mix of residential, commercial, and institutional uses at a medium level of intensity. Urban Mixed Use development is typically larger-scale than Neighborhood Mixed-Use and smaller-scale than Regional Mixed-Use, although many of the allowable uses could be the same in all three categories. Building footprints may be block-scale, but could be smaller depending on block configuration and overall development density. Typical first floor uses include, but are not limited to, professional services, offices, institutional uses, restaurants, and retail including grocery stores. The mix of uses may be vertically or horizontally distributed, and there is no requirement that a single building contain more than one use. Live/work housing options are permissible in Urban Mixed-Use areas to ensure access to housing options and services within close proximity for the local workforce. Structured parking is encouraged in Urban Mixed-Use category, but is not required. Parking requirements may be satisfied through shared or cooperative parking agreements, which could include off-site garages or lots. The Urban Mixed-Use category should be located in proximity to transit facilities.

Permitted Zoning Districts: RM-4, RM-5, RM-6, MF-18, MF-25, MF-33, MF-40, O-1, O-1.5, C-1, C-2, MH, MHP, MHC, FBZD, AE-1, AE-2, AE-3, and AE-4

IDZ, PUD, MXD, TOD and MPCD may be considered consistent with this land use category, provided the permitted uses included on the zoning site plan and zoning ordinance are consistent with the uses and densities outlined above.

Comprehensive Land Use Categories

Land Use Category: “Regional Mixed Use”

Description of Land Use Category: Regional mixed-use contains residential, commercial and institutional uses at high densities. Regional Mixed-Use developments are typically located within regional centers and in close proximity to transit facilities, where mid-rise to high-rise buildings would be appropriate. Typical lower floor uses include, but are not limited to, offices, professional services, institutional uses, restaurants, and retail including grocery stores. The mix of uses may be vertically or horizontally distributed, and there is no requirement that a single building contain

more than one use. Live/work housing options are permissible in Regional Mixed-Use areas to ensure access to housing options and services within close proximity for the local workforce. Where feasible, development is ideally built at the block scale, with minimum building setbacks. Parking requirements may be satisfied through shared or cooperative parking agreements, which can include off-site garages or lots. If parking requirements are satisfied on-site, structured parking is encouraged. Pedestrian spaces are encouraged to be generous in width and lighting, with streetscaping and signage scaled to pedestrians. Regional mixed-use projects encourage incorporation of transit facilities into development.

Permitted Zoning Districts: MF-33, MF-40, MF-50, MF-65, O-1.5, O-2, C-2, C-3, D, ED, FBZD, AE-1, AE-2, AE-3, and AE-4.

IDZ, PUD, MXD, TOD and MPCD may be considered consistent with this land use category, provided the permitted uses included on the zoning site plan and zoning ordinance are consistent with the uses and densities outlined above.

ALTERNATIVES:

1. Recommend Approval.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff Recommends Approval.

The proposed Plan Amendment from “Urban Mixed Use” to “Regional Mixed Use” is requested in order to rezone the property to “IDZ-2” Medium Intensity Infill Development Zone with uses permitted for 130 dwelling units. Currently, the property accommodates a youth organization that provides community and social services. The current “Urban Mixed Use” is an appropriate land use designation for the property based on the surrounding uses. The requested “Regional Mixed Use” is also suitable as it will accommodate a wider range of compatible uses, including options for increased residential density.
