An ordinance amending Chapter 19 of the City Code to update Traffic Control Schedules of Devices, adding 49 locations citywide where new installations of traffic control devices have occurred, and removing 30 locations citywide where devices have been altered or removed.

BACKGROUND INFORMATION:

This ordinance will update various Traffic Control Schedules of Devices established in Chapter 19, Section 68(b) of the City Code of Ordinances. These schedules are updated to reflect new traffic control device installations and/or the removal of such devices at specified locations. The last update to the Traffic Control Schedule of Devices was enacted on June 6, 2024.
