Policy:

DHS Head Start Program will select children and families with the most need for Head Start Services without regard for race, gender, disability, or creed in accordance with Head Start Program Performance Standards, Head Start Act, and the DHS Head Start Program ERSEA policies.

If a child is declared eligible, their selection will be based on points received from the Selection Criteria Point System which is developed from the Community Assessment and approved by the Policy Council and the Governing Body Advisory Committee which holds responsibility of programmatic oversight as it reports to the City Council (Governing Body).

At the beginning of each enrollment year, eligible children will be placed on a waiting list and prioritized according to the Selection Criteria Point System. A minimum of three separate selection events must occur. Selections must not exceed 90% of funded enrollment during the first two selection events. A waiting list must continue to be maintained throughout the program year to ensure the children with the most need are selected for the program as slots become available.

Selections must be conducted using the following waitlist priorities:

- **Income Eligible on the waitlist from 0% - 100%**
 - Using the waitlist developed by the point system, Education Service Providers will first select children whose family income is at or below 100% of the *Federal Poverty Guideline* or those who are eligible for or, in the absence of childcare, would be potentially eligible for public assistance; or children who are experiencing homelessness or in foster care.

- **Income Eligible on the waitlist from 101%-130%**

Education Service Providers may select up to 35% of families who do not meet the Income Eligible criteria above. These selections may occur after demonstrating to the City they have conducted outreach and exhausted all resources to enroll income eligible children, families eligible for or in the absence of childcare, would be potentially eligible for public assistance, children who are homeless, in foster care, and children with disabilities.

- **Over Income on the waitlist 131% and above**

- Education Service Providers must receive approval from the City Head Start Program Administrator prior to selecting an over income child. Total participants accepted for this selection must not exceed 10% of the program funded enrollment. Excluding this priority, Education Service Providers may select over-income children after demonstrating to the City they have conducted outreach and exhausted all resources to enroll income eligible children, families eligible for or in the absence of childcare, would be potentially eligible for public assistance, children who are experiencing homelessness or in foster care.

Selection Exceptions:

- **Children with Disabilities**

- To comply with Head Start Performance Standard's requirement of having 10 percent of enrolled children be eligible for services under IDEA, Education Service Providers must give first priority to children with diagnosed disabilities during the selection process. This priority will stay in effect until 10 percent of enrolled children are children with disabilities and will be granted as follows:
 1. Income eligible children from 0-100% Federal Poverty Guideline with diagnosed disabilities with a current Individualized Education Plan (IEP).
 2. Income eligible children from 101-130% Federal Poverty Guideline with diagnosed disabilities with a current Individualized Education Plan (IEP).
 3. Over income children (over 130% Federal Poverty Guideline) with diagnosed disabilities with a current Individualized Education Plan (IEP).
 4. Income eligible children from 0-100% Federal Poverty Guideline with suspected disabilities with a current Individualized Family Service Plan (IFSP) and/or letter from a licensed professional.
 5. Income eligible children from 101-130% Federal Poverty Guideline with suspected disabilities with a current Individualized Family Service Plan (IFSP) and/or letter from a licensed professional.

6. Over income children (over 130% Federal Poverty Guideline) with suspected disabilities with a current Individualized Family Service Plan (IFSP) and/or letter from a licensed professional.

All IEPs, IFSPs and letters from a licensed professional must be reviewed and verified by the Education Service Provider's Disability Coordinator. All supporting documentation must be scanned and attached in Child Plus.

- **Children identified as Limited English Proficient (LEP)**
 - To place children who speak a language other than English in the appropriate language classrooms, the Education Service Providers may create a bilingual classroom. At the point a classroom is designated as bilingual and, in order to fill all vacancies in that classroom, Education Service Providers may select the next child identified as LEP on their waiting list even if that child has fewer points or is over-income.
- **Bilingual/Dual Language Classrooms**
 - Education Service Providers must develop and implement procedures to determine if a child is identified as an English Language Learner. Education Service Providers will select children and place in a language appropriate classroom based on the child's completed Home Language Survey. Education Service Providers will develop a system to test English Language Learners and must not create barriers for enrollment.
- **Tiebreaker**
 - In cases where families have the same point total for the same slot, priority will be given to the oldest child.
