

City Council A Session

September 12, 2024

Agenda item # 12

Presented by:

Patricia Muzquiz-Cantor

Executive Director

Convention & Sports Facilities

Alamodome Arena Public Address System Project

Background

- Alamodome, located in District 2, was built in 1993 on the near East side of downtown San Antonio.
- Arena Public Address (P.A.) system has served beyond its performance life and has voids in audio coverage.
- Funding is available in the Redemption and Capital Fund in the FY 2025 – 2030 Capital Improvement Plan.

Location:

District 2

Funding:

Redemption & Capital Fund

Scope of Work

- Provides a new mobile P.A. system to be used primarily in the arena configuration.
- P.A. system will include speakers, amplifiers, cabinets, cabling and installation.
- P.A. system will support multiple configurations for uses such as commencement ceremonies and augment full stadium events.

Schedule

Delivery and installation

- December 2024

During Construction

- Existing PA system to continue to operate until new equipment is received.
- Coordinate installation between events, minimizing impacts to customers and Alamodome staff.

Recommendation

Approval of this ordinance accepting the lowest responsive bid and award to L-D Systems in the amount of \$1,856,496.86 for the Alamodome Arena P.A. System Project.
