Overlay District Information:

The US 281 Gateway Corridor District ("GC-3") provides site development standards for properties within 4,000 feet along the US 281 north right-of-way. The standards primarily address building placement, landscaping, building materials and signage to promote a coordinated development scheme for the Corridor. A zoning review is performed by the Zoning Section of the Development Services Department. The "MLOD-1" Camp Bullis Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the North Sector Plan, adopted August 2010, and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The proposed “C-2 S” Commercial District with a Specific Use Authorization for Party House, Reception Hall, and Meeting Facility is also an appropriate zoning. The change of zoning will keep the base zoning district of commercial but permit an additional use which is normally permitted in higher intense zoning districts. Staff finds the Party House, Reception Hall, and Meeting Facility use complementary to the existing commercial uses, including gym, church, preschool and hair salon, that abut the property. The "S" Specific Use Authorization would hold the development to a site plan, and any deviation could warrant additional Council consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate.

Relevant Goals and Objectives of the North Central Neighborhoods Community Plan may include:

- GOAL 1: Support and promote business and employment development along the commercial corridors that provide for a healthy business climate while supporting the needs of the North Central Neighborhoods Community by aesthetically and environmentally reinforcing their community cultural identity and providing an attractive destination for visitors and shoppers from around the city.
- Objective 1.1: Market San Pedro Avenue and Blanco Road from Hildebrand to Loop 410 as the place to live, work, shop and play with their central location and convenient access to all San Antonio.
- GOAL 3: Maintain and preserve the quality of the existing residential and commercial properties through the encouragement of rehabilitation and code compliance.
- Objective 3.1: Promote the maintenance of existing properties.

- GOAL 4: Ensure a transition between residential and commercial areas that is aesthetically pleasing while discouraging encroachment into residential areas.
6. **Size of Tract:** The 2.243 acre site is of sufficient size to accommodate the proposed commercial development.
 7. **Other Factors:** The subject property is located within the Camp Bullis Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a Party House, Reception Hall, and Meeting Facility.
