City Council A Session - Item # 10

November 7, 2024

MAKING SAN ANTONIO
WATERFUL

- Project requires installation of a new water main along IH-10
- 15,000 feet of 36-inch water main will be installed
- Project is required to meet TCEQ regulation

Declaration of Public Necessity for Acquisitions

- **19 Permanent Water Easements (6 acquired)**
- **13 Temporary Construction Easements (3 acquired)**
- **Portion of the water line will be in the ROW, and 5,200 feet of water line will be installed via trenchless methods to minimize impacts to the community.**
- **Negotiation with landowners started in January 2024**

- **Design of the project is scheduled to be completed in February 2025**
- **Construction to start June 2025**
- **Construction cost is approximately \$36,000,000**

- **SAWS will continue to negotiate in good faith with property owners**
- **Council action declaring the project a public necessity for public use is required to ensure SAWS will meet TCEQ requirements**
