**Property History**

The City of San Antonio (City) completed limited purpose annexation of the south side area with the dissolution of the City South Management Authority in 2014, and then completed Full Purpose Annexation of the area in 2016. As part of both annexation processes, the Texas Local Government Code (LGC) required cities to offer Development Agreements to owners of properties which were appraised for ad valorem tax purposes as land for agricultural or wildlife management use or as timber land (“agricultural”) as designated by the Bexar Appraisal District (BCAD). Prior to the annexations, the owners of agricultural properties entered into Development Agreements with the City. These Agreements allowed their continued agricultural use, or other use as specified by the LGC, and guaranteed the extraterritorial status for the property if the property owner continued the use as described in the terms of the agreement.

These agricultural Agreements expire on January 19, 2024. Currently, there are 135 properties, totaling approximately 4,205.72 acres or 6.571 square miles, have these Agreements. Proposed zoning for the properties aligns with the future land uses within the Heritage South Sector Plan and the current use of each property. Portions of parcels in Areas 1, 2, 11, and 12 are inside city limits and currently assigned zoning. These portions are part of larger parcels subject to expiring development agreements, and will be rezoned as applicable to ensure the entire parcel is uniformly zoned. Of the annexation properties, 43 properties totaling approximately 1510.721 acres are proposed for plan amendments to ensure the future land use aligns with the Heritage South Sector Plan and current use.

After annexation is completed, the landowners will gain the advantages of being within the City, such as, police and fire services, and other City services which already benefit surrounding properties. The annexation area meets the statutory requirements for full purpose annexation by the City, as since it: (1) is within the City's ETJ; and (2) is adjacent and contiguous to the City's corporate limits. The subject properties will be located in City Council Districts 3 and 4.

Approximately 36 parcels of land have a dwelling unit. The estimated population for the annexation area is about 97 people.

**Property History for Portions of Parcels Inside City Limits**

CD” General Commercial District with a Conditional Use for a Flea Market - Outdoor. The portion of land was then annexed into the City by Full Purpose Annexation (FPA) by Ordinance 2016-11-10-0881 on November 10, 2016.

The portion of land inside city limits that was zoned “NP-10” Neighborhood Preserve District and a portion of the land zoned “DR” Development Reserve District was then rezoned to “MF-25” Low Density Multi-Family District by Ordinance 98298 on October 9, 2003. The remaining portion of CB 4007-6 zoned “DR” Development Reserve District was then rezoned to “RD” Rural Development District by Ordinance 98491 on December 4, 2003. A portion of NCB 16627 and CB 4007-5 was annexed into the City by Ordinance 66019 on December 10, 1987, and zoned “NP-10” Neighborhood Preserve District and “DR” Development Reserve District. **FISCAL IMPACT:**  
None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not located within a Regional Center nor is it located within a half-mile of a Premium Transit Corridor. The annexation area is located within the proposed SA Tomorrow South, Far South, and Far Southwest Community Area Plans.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval. (Associated Plan Amendment PA-2023-11600067)

Denial of the requested zoning change would result in the subject properties being assigned “DR” Development Reserve District, which only permits “R-6” uses upon annexation. The City would assign zoning to the property at a later date.

**Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.**

- 1. Consistency:** The subject property is located within the Heritage South Sector Plan and is currently designated as “Natural Tier”, “Country Tier”, “Rural Estate Tier”, “Suburban Tier”, “General Urban Tier”, Agribusiness/RIMSE Tier”, “Regional Center”, and “Specialized Center.” The requested “RP” Resource Protection District, “RE” Residential Estate District, “R-20” Residential Single-Family District, “NP-8” Neighborhood Preservation District, “R-5” Residential Single-Family District, “R-4” Residential Single-Family District, “C-2” Commercial District, “C-3” General Commercial District, “L” Light Industrial District, “BP” Business Park District, and “FR” Farm and Ranch District base zoning districts are consistent with the adopted land use designations. There is an associated plan amendment request, which was heard by Planning Commission on October 11, 2023. The proposed request is to allow “Country Tier”, “Rural Estate Tier”, “Suburban Tier”, “General Urban Tier”, and “Agribusiness/RIMSE Tier” land use classifications. Staff and Planning Commission recommend Approval of the plan amendment request. The subject property is located within the Heritage South Sector Plan and is currently designated as “Natural Tier”, “Country Tier”, “Rural Estate Tier”, “Suburban Tier”, “General Urban Tier”, Agribusiness/RIMSE Tier”, “Regional Center”, and “Specialized Center.” The requested “RP” Resource Protection District, “RE” Residential Estate District, “R-20” Residential Single-Family District, “NP-8” Neighborhood Preservation District, “R-5” Residential Single-Family District, “R-4” Residential Single-Family District, “C-2” Commercial District, “C-3” General Commercial District, “L” Light Industrial District, “BP” Business Park District, and “FR” Farm and Ranch District base zoning districts are consistent with the adopted land use designations. There is an associated plan amendment request, which was heard by Planning Commission on October 11, 2023. The proposed request is to allow “Country Tier”, “Rural Estate Tier”, “Suburban Tier”, “General Urban Tier”, and “Agribusiness/RIMSE Tier” land use classifications. Staff and Planning Commission recommend Approval of the plan amendment request.
- 2. Adverse Impacts on Neighboring Lands:** Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this proposed rezoning. The zoning proposal is consistent with the established development pattern of the surrounding area and will allow the subject properties to be developed with uses similar to those within the vicinity. Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this proposed

rezoning. The zoning proposal is consistent with the established development pattern of the surrounding area and will allow the subject properties to be developed with uses similar to those within the vicinity.

3. **Suitability as Presently Zoned:** There is no assigned zoning to the annexation properties designated OCL, due to them being located outside of the city's limits. Should the properties be annexed, but this zoning request be denied, the properties would be zoned "DR" Development Reserve which is intended to provide a temporary zoning classification for newly annexed property until the property is rezoned by the City. The "DR" zoning district carries the same use and development regulations as the "R-6" Residential Single-Family zoning district. The portions of property within city limits would maintain their current zoning. Staff supports the rezoning proposal as the proposed zoning districts are consistent with the development pattern of the area. The zoning is consistent with the annexation area's location and is consistent with the Heritage South Sector Plan's land use recommendation of promoting land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability.
4. **Health, Safety and Welfare:** Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change proposal. The proposed zoning would ensure the zoning of newly annexed properties would maintain the existing fabric of the annexation area and serve property owners, adjacent neighborhood residents, and the nearby community.
5. **Public Policy:** The request is consistent with the Heritage South Sector Plan goals and reinforces the Land Use Goal to provide land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability. Further, per the Heritage South Sector Plan's Utilities goals and strategies, a strategy is to promote long-term coordination between service providers, the development community and government entities regarding land use planning and utility easements. The annexation and assignment of appropriate zoning to the annexation area properties will create clearer boundary lines and minimize overlapping service issues for service providers in the City of San Antonio and its Extraterritorial Jurisdiction (ETJ).
6. **Size of Tract:** The subject properties, in total, are approximately 4,206 acres.
7. **Other Factors:** None
