**Agenda Date:** June 26, 2025

**In Control:** City Council A Session

---

**DEPARTMENT:** Public Works Department

**DEPARTMENT HEAD:** Razi Hosseini

**COUNCIL DISTRICTS IMPACTED:** District 8

### SUMMARY:

On May 7, 2022, voters approved the 2022 Bond Program, which included \$12,000,000 for Floyd Curl Drive (Huebner Road to Charles Katz) project. The project will construct roadway improvements to include curbs, driveway approaches and drainage.

As Hamilton Wolfe and Floyd Curl is an intersection within the project limits, the San Antonio Medical Foundation requested a traffic impact analysis of the intersection in preparation of a future 1.4 million square foot Veterans Administration Hospital that will be built at this intersection. The purpose of this analysis was to determine what improvements should be considered in a future bond project to improve the roadways in the South Texas Medical Center area to account for the increased traffic that the new hospital as well as other developments are expected to generate. As part of the overall Bond project, the City of San Antonio fully funded the traffic impact analysis, and the San Antonio Medical Foundation has agreed to reimburse the City half the cost of the study.

### *Contribution Agreement*

San Antonio Medical Foundation is contributing \$77,876.02 towards the cost of a traffic impact

analysis on Hamilton Wolfe from Babcock Rd. to Fredericksburg Rd. and on Floyd Curl Drive from Hamilton Wolfe Road to Huebner Road.

The engineering firm Pape-Dawson Engineers was utilized under an existing task order based contract with the City to conduct this study and the results have been shared with the Medical Center Foundation.

**FISCAL IMPACT:**

This ordinance approving the execution of a Contribution Agreement between the City of San Antonio and the San Antonio Medical Foundation to accept funds in the amount of \$77,876.02. Funds will be deposited into the Floyd Curl Drive (Huebner Road to Charles Katz) project.
