Comprehensive Plan

Comprehensive Plan Component: Midtown Neighborhoods Neighborhood Plan

Plan Adoption Date: October 12, 2000

Plan Goals:

- Goal 1: Economic Development Revitalize and enhance the neighborhoods' historic commercial centers.
 - Objective 1.3: Business Development Attract new neighborhood-friendly, locally owned, sustainable businesses that will meet the neighborhood's daily needs, build on our base of "mom and pop" businesses and bring new vitality to the neighborhood's commercial centers
- Goal 2: Housing Preserve and revitalize the neighborhoods' unique mix of quality housing.
 - Objective 2.2: Housing Character Maintain the historic character of the neighborhoods' housing while building on the increased demand for area homes to attract reinvestment by new families.

Comprehensive Land Use Categories:

Land Use Category: "Public Institutional"

Description of Land Use Category: Public, quasi-public and institutional uses, such as schools.

Permitted Zoning Districts: Quasi-public and institutional uses, such as schools.

Comprehensive Land Use Categories:

Land Use Category: "Mixed Use"

Description of Land Use Category: This classification calls for the development of design guidelines to encourage safe, attractive and pedestrian-friendly environments, pedestrian linkages to surrounding areas, and options for easy travel by foot, bike or transit. The neighborhoods support the use or adaptive use of existing commercial or residential areas identified for Mixed-Use development while maintaining the buildings' architectural character. Businesses are encouraged to utilize on-street parking and/or parking in the rear of the establishment. The neighborhoods also encourage mixed-use buildings where the first floor is used for retail or service businesses and the second/upper floor(s) is used for residences.

Permitted Zoning Districts: This classification includes a mix of land uses such as Neighborhood Commercial, Medium-Density Residential, and High-Density Residential. Commercial

development, potentially at a higher intensity than found in the Neighborhood Commercial classification, would be the most common land use.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed Plan Amendment from “Public Institutional” to “Mixed Use” is requested to rezone the property to “IDZ-1” Limited Intensity Infill Development Zone with uses permitted in "O-1" Office District and one (1) dwelling unit. The current “Public Institutional” land use designation is not appropriate for the property, given that the existing use is an office. There is existing “Mixed Use” land use designations within proximity, making the applicant’s request consistent with the area. Additionally, the property is located within a neighborhood that accommodates a range of residential and commercial uses like what is being proposed.
