SUMMARY:

Ordinance ratifying (a) payment for services provided and (b) a contract with Rheaply, Inc. for the renewal of digital platform services to support City facilities for a total cost of \$100,000.00. The term of this contract is from April 1, 2025, through March 31, 2026, with one, one-year renewal option. Funding in the amount of \$50,000 is available from the Resiliency, Energy Efficiency and Sustainability Fund FY 2025 Adopted Budget. Funding for the remaining amount is contingent upon approval of the annual budget.

BACKGROUND INFORMATION:

Submitted for City Council consideration and action is the offer submitted by Rheaply, Inc. to provide an internal digital platform to facilitate the free internal reuse or borrowing of materials between all City departments such as office supplies, furniture, tools, vehicles and other City assets; as well as, an external digital platform for external partners connected to the City's Material Innovation Center to facilitate redistribution of free building materials to affordable housing and community projects. The platform prevents redundant purchases through recirculation between City departments, saving money in procurement costs. Additionally, the platform has built-in data

tracking to measure, in real time, the weight diverted from landfill, carbon gas-emissions avoided, and dollar value recaptured through asset exchange.

The previous contract with Rheaply, Inc. expired on May 31, 2024. In order to continue providing ongoing maintenance and support to the existing system, payment was made to Rheaply, Inc. in the amount of \$16,666.00 for services rendered from June 1, 2024 through September 30, 2024 and in the amount of \$25,000.00 for services rendered from October 1, 2024 through March 31, 2025 to avoid a lapse in services. Ratification of these payments for the the period of June 1, 2024, through March 31, 2025, is required at this time.
