BACKGROUND INFORMATION:

The Citywide Bike & Pedestrian Mobility Improvements project was selected for funding through the Alamo Area Metropolitan Planning Organization (AAMPO) Statewide Transportation Improvement Program (TIP) for 2021 - 2024 to increase pedestrian safety along Fredericksburg Road. The City manages Local Agency Managed projects but receives federal funds administered through TxDOT. The funds paid to TxDOT by the City are for costs associated with the administrative oversight of the federal funds.

The Citywide Bike & Pedestrian Mobility Improvements project will construct a retaining wall at Cool Crest Miniature Golf Course and sidewalks to replace and fill gaps along Fredericksburg Road from IH-10 to Key Street. The City of San Antonio will design and construct the improvements leveraging funding from TxDOT.

Procurement of Services

This project was advertised on July 21, 2023, for construction bids in the San Antonio Hart Beat, the City's website, the Texas Electronic State Business Daily, on TVSA, and through the electronic bidding website CivCast. Bids were opened on August 25, 2023, and four (4) bids were received. Of these, the lowest and second bidders were deemed non-responsive due to not meeting the project's minimum requirements, thereby making Jerdon Enterprise, L.P. the lowest responsive bidder as indicated in the attached bid summary.
