PETITION FOR VOLUNTARY ANNEXATION

PETITION FOR VOLUNTARY ANNEXATION**TO THE CITY OF SAN ANTONIO****PURSUANT TO SECTION 43.0671 OF THE TEXAS LOCAL GOVERNMENT CODE**

The undersigned, being the owner (the "Owner"), in fee simple of an approximately 794.5-acre tract of land (the "Subject Property;" *see Exhibit "1"*), submit this petition to the City of San Antonio (the "City"), and request the full purpose, voluntary annexation of the Subject Property into the City's corporate limits. This petition is submitted in accordance with the provisions of the City Charter and Chapter 43 of the Texas Local Government Code (the "Code").

Pursuant to Chapter 43 of the Code, a City may annex land if the land is located within the City's extraterritorial jurisdiction ("ETJ") and is adjacent and contiguous to the city's corporate limits. Pursuant to Section 43.0671 of the Code, the process to begin annexation requires that each owner of land in the area request annexation. The Subject Property is generally located at the southeast intersection of Loop 410 and New Sulphur Springs Road within the City's ETJ and is closest to City Council District 3. Moreover, the Subject Property is bordered to the north and west by property within the City's corporate limits. As such, the Subject Property meets Chapter 43 annexation requirements, and the Owner submits this petition to formally request the City's annexation of the Subject Property pursuant to Section 43.0671 of the Code.

The Subject Property is part of a larger 1,854.6-acre planned development (the "Rosillo Property;" *see Exhibit "2"*). The Rosillo Property is currently undeveloped, however in anticipation of a future mixed-use development (to include single-family residential, commercial, and/or industrial uses) the Owner has filed a zoning amendment application in Z-2024-10700067 (*see Exhibit "3"*) to rezone the Rosillo Property to the MXD zoning district (with residential uses up to 40 units/acre and uses permitted in C-1, C-2, and L).

The Subject Property is wholly located within the City's ETJ and is not included within any designated City plan; however, the Subject Property is adjacent to the City's Southeast Community Area Plan and specifically abuts properties designated as "Urban Mixed Use" and "Business/Innovation Mixed Use". In order to allow for the proposed mixed-use development and the zoning requested in Z-2024-10700067, the Owner requests that the City approve a base zoning district of "MXD" (Mixed-Use District) for the Subject Property upon annexation into the City's corporate limits. The MXD zoning district is an appropriate land use for the Subject Property as MXD permits the land uses contemplated within both the Urban Mixed Use and Business/Innovation Mixed Use land designations of the Southeast Community Area Plan. Included with this petition is a plan amendment application for the Subject Property (*see Exhibit "4"*). The plan amendment application respectfully requests: (1) designation of approximately 218.3-acres as "Business/Innovation Mixed Use" within the Southeast Community Plan and (2) designation of approximately 576.2-acres as "Urban Mixed Use" within the Southeast Community Plan.

The Owner is seeking this annexation in order to gain the advantage of being within the City limits and receive City services, which currently benefit surrounding properties, including,

but not limited to, trash service, police service, and fire service. Therefore, in order for the proposed project to succeed, the Owner respectfully requests: (1) the City's full purpose, voluntary annexation of the Subject Property; (2) upon annexation, that approximately 218.3-acres of the Subject Property be designated as "Business/Innovation Mixed Use" and approximately 576.2-acres be designated as "Urban Mixed Use" within the Southeast Community Plan; and (3) the Subject Property be rezoned to the MXD zoning district (with residential uses up to 40 units/acre and uses permitted in C-1, C-2, and L) as contemplated in zoning application Z-2024-10700067.

Wherefore, this Petition satisfies all requirements of the City Charter and the Texas Local Government Code for the full purpose, voluntary annexation of the Subject Property, and the Owner respectfully requests that the City annex the Subject Property as described herein.

Respectfully submitted this 4th day of April, 2024.

EXHIBIT "4"
THE SUBJECT PROPERTY'S PLAN AMENDMENT APPLICATION

General Information and Application Instructions

The BuildSA online application can be accessed at <https://aca.sanantonio.gov/CitizenAccess/Default.aspx>. Property owners requesting a plan amendment and/or change in zoning for their property must complete either an online application or submit this application to the Zoning Section office. Planners in the Zoning Section will perform a completeness review to ensure the submitted application is complete and all additional required documents are provided. **Any inaccurate or incomplete information provided by the applicant or agent may cause the application to be returned to the applicant and/or delay the scheduled hearing dates. Applications submitted by mail or courier that subsequently are deemed incomplete, shall be returned to the applicant along with all accompanying payments, in accordance with the City of San Antonio's cash-handling policy. Applications will not be accepted via fax or email.**

THE PLAN AMENDMENT and REZONING PROCESS

The plan amendment and rezoning processes takes approximately 2 months each, but can be completed concurrently. Cases that require additional review from other organizations or city departments can require additional processing time.

- All applications for property located within a neighborhood, community, perimeter or sector plan shall be reviewed by a Planner in the Zoning Section. If the proposed zoning request is inconsistent with the land use element of a plan, a Plan Amendment shall be required before the zoning case may be heard by City Council.
- All applications for property located within the Edwards Recharge Zone Overlay District (ERZD) shall be reviewed by [San Antonio Water Systems \(SAWS\)](#). Public hearings for cases within the ERZD will be scheduled once a Site Investigation Report is received from SAWS.
- All applications for property located within the Airport Awareness Zones (within 3 miles of the San Antonio International Airport or within 1.5 miles of the Stinson Municipal Airport) shall be reviewed by the [Aviation Department](#).
- All applications for property located within the Military Airport Overlay Zone (MAOZ) shall be reviewed by the Lackland Air Force Base (per I.B. 546).
- Consideration of applications for property located within a River Improvement Overlay District (RIO) must follow the guidelines and standards as adopted by the Historic and Design Review Commission, Planning Commission, River Commission, and Zoning Commission.
- All applications for property located within a Historic District, and all applications resulting in the demolition of a structure, shall be reviewed by the City's [Office of Historic Preservation](#).
- All applications for property within the Military Notification Areas (Camp Bullis, Lackland, Martindale) shall be reviewed by the City's Office of Military Affairs, Joint Base San Antonio, Ft. Sam Houston and the military (per I.B. 518).
- Adopted land use designations and current zoning can be viewed on the City's [GIS Mapping Application](#).

Once an application is deemed complete and all fees have been paid, Zoning Section staff will process the plan amendment and rezoning cases. The case manager will visit the subject property to take pictures; post a "Rezoning" sign (for zoning cases only); and document surrounding land uses, neighborhood character, and existing infrastructure. Staff will utilize this information to develop a recommendation that will be presented at the public hearings. Plan amendment cases are heard by the Planning Commission; zoning cases are heard by the Zoning Commission. Both types of cases are then heard by City Council.

Upon final decision by the City Council, the applicant is responsible for removing "Rezoning" signs from the property. Ordinances will be posted online by the City Clerk and can be retrieved by accessing the City Council Agenda website at <http://agendas.sanantonio.gov>.

THE PLAN AMENDMENT and REZONING PROCESS

(continued)

For all zoning and plan amendment cases, the [State of Texas Local Government Code](#) requires 1) public advertisement of the hearing in a newspaper of general circulation, and 2) mailed notification of the zoning change request to all owners of property within 200 feet of the subject property. The City of San Antonio advertises and sends notification prior to the Zoning Commission and Planning Commission hearings, and again prior to the City Council hearing.

PLANNING COMMISSION and ZONING COMMISSION PUBLIC HEARINGS

The property owner, applicant, or authorized representative must be present at all public hearings to explain the purpose for the requested change, and to answer any questions from the Commissioners and City Council members. The public hearings also provide an opportunity for proponents and opponents of a request to voice their concerns and opinions on the proposed zoning or plan amendment change.

The Planning Commission and Zoning Commission hearings include presentation of the staff recommendations, explanation of the requested change by the property owner, applicant, or authorized representative, and public comments in support of and in opposition to the requested change. Then, the Commissioners vote to determine their recommendation, which will be presented to the City Council.

Planning Commission meets every 2nd and 4th Wednesdays of the month. The Planning Commission must make a recommendation on the plan amendment request before the related zoning change request can be heard by the City Council.

Zoning Commission meets every 1st and 3rd Tuesdays of the month. The Zoning Commission must make a recommendation on the zoning change request, or have twice held a public hearing without rendering a recommendation prior to the request can be heard by City Council.

Language interpreters are available at the meeting. For more information, call (210) 207- 6044

CITY COUNCIL PUBLIC HEARING

City Council makes the final decision on all plan amendment and zoning change requests. The City Council hearing process is similar to that of the Commissions. City Council may approve or deny, in total or in part, the requested zoning change. If a change is approved, an ordinance is passed amending the Comprehensive Plan document and official zoning map. Ordinances become effective ten days after approval. If the requested zoning change is denied, no application for rezoning any portion of the subject property may be submitted for consideration within one year of City Council's denial. Notices received in support and opposition to the request submitted for Commission hearings will be maintained through the City Council public hearing process. In computing the percentage of land area within 200 feet, the area of streets and alleys shall be included (per LGC 211.006(e)).

City Council Time Limits

Plan amendments and their related zoning requests will be heard by the City Council at the same time, unless otherwise requested by the applicant. After the Commission public hearings, cases are not automatically scheduled for a City Council hearing. The case manager will contact the applicant to discuss and confirm a City Council hearing date. The Zoning Commission and Planning Commission recommendations must be presented to the City Council within 6 months of the Commissions' final consideration. If the cases is not scheduled for and heard by the City Council within 6 months of the Commissions' recommendation, the applications expire and all paid fees are forfeited.

POSTPONED CASES

An applicant may postpone a case by submitting a written request to Zoning Section staff prior to the scheduled Commission or City Council public hearing. When the applicant is ready to move forward with a postponed case, they must first pay the postponement fee. Once the fee has been paid, the case will be scheduled for the next available public hearing. An applicant's request for continuation may be approved or denied by the Planning Commission, Zoning Commission or City Council. If the continuance request is denied, the case will be heard as originally scheduled. Additionally, the Planning Commission, Zoning Commission and/or City Council may continue a case based on other factors. There is an additional fee for a continuance of a case beyond 60 days or after the 2nd continuance so that staff may send a courtesy notice.

STATEMENTS OF ACKNOWLEDGEMENT (Initial before each statement. To be completed by Applicant.)

☐ I understand that I must secure the appropriate zoning for the subject property prior to issuance of a Certificate of Occupancy.

☐ I understand that a Certificate of Occupancy is required before the subject property is occupied. (Exceptions to the requirement of a Certificate of Occupancy are single family dwellings and legal home occupation (per Section 35.401(d)(2)).

☐ I understand that the subject property must be properly zoned before any permits are approved for the property.

Statement of Purpose for Zoning Change Request and/or Plan Amendment

The Statement of Purpose shall include the following minimum information. Statements of Purpose that do not contain the required minimum information may be returned to the applicant, possibly delaying the zoning case.

- Reason for requesting the change, including a description of all existing and proposed activities or continuing uses.
- Explanation of how the request is consistent and compatible with the [City's Master Plan](#) or specific [Neighborhood/Community/Sector Plan](#); or explanation of intent to pursue a plan amendment if the request is inconsistent with the applicable plan.

{No} Is this rezoning application the result of a code enforcement violation? If yes, indicate Code Case Number here _____.

{No} Will this proposed project result in the demolition of buildings? (All demolition applications will be reviewed by the Office of Historic Preservation. Please be sure to coordinate appropriately.)

The Subject Property is wholly located within the City's ETJ and is not included within any designated City plan; however, the Subject Property is adjacent to the City's Southeast Community Area Plan and specifically abuts properties designated as "Urban Mixed Use" and "Business/Innovation Mixed Use".

In order to allow for the proposed mixed-use development and the zoning requested in Z-2024-10700067, the Owner requests that the City approve a base zoning district of "MXD" (Mixed-Use District) for the Subject Property upon annexation into the City's corporate limits.

The MXD zoning district is an appropriate land use for the Subject Property as MXD permits the land uses contemplated within both the Urban Mixed Use and Business/Innovation Mixed Use land designations of the Southeast Community Area Plan.

The plan amendment application respectfully requests: (1) designation of approximately 218.3-acres as "Business/Innovation Mixed Use" within the Southeast Community Plan and (2) designation of approximately 576.2-acres as "Urban Mixed Use" within the Southeast Community Plan.

This application MUST include the signatures of ALL property owners listed on all current Warranty Deeds applicable to the subject property. Attach additional pages as needed.

TRAFFIC IMPACT ANALYSIS (TIA) THRESHOLD WORKSHEET

All applications for zoning change require a completed Traffic Impact Analysis (TIA) Worksheet. No application will be processed until the [Engineering Section](#) determines whether a Traffic Impact Analysis is required. If it is determined that a TIA is required, the applicant is required to have an engineer present at the public hearings. See Page 12.

*****Site plans shall include the minimum information as listed below. Site plans which do not indicate the following information will be considered incomplete and may delay the application process.*****

SITE PLAN REQUIREMENTS FOR INFILL DEVELOPMENT ZONE (IDZ-1, IDZ-2, IDZ-3) LESS THAN 1 ACRE, FORM BASED ZONING SPECIALIZED DISTRICTS (FBZ SD), CONDITIONAL USES, and SPECIFIC USE AUTHORIZATIONS

Zoning change requests for "FBZ SD" Form Based Zoning Specialized Districts, a Conditional Use, or a Specific Use Authorization require the applicant to submit a site plan of the subject property and proposed development. All site plans shall be drawn to scale, using a scale that creates a legible final document. The site plan scale must be drawn numerically and a graphic scale must be provided. The applicant shall provide at least 3 versions of the site plan: 1) one full-size copy, 2) one 8-inch by 11.5-inch copy, and 3) one digital (PDF) copy.

1. Tabulation of the number of acres in the proposed development, showing the total number of lots, and area of open space for the site including the following:
 - a) Dimensions and square footage of all buildings and structures;
 - b) For nonresidential uses, multi-family dwellings, and any portion of a site located within the ERZD, the approximate location and area of impervious cover;
 - c) Square footage of all paved or otherwise hard surfaced streets, parking facilities, including curb and gutters, walks, loading areas, and asphalt or concrete aprons for solid waste containers, signs or outdoor mechanical equipment.
2. All setbacks as required by the proposed and surrounding zoning districts/uses. For lot and building dimension requirements, see Section 35-310 Table 310-1 of the Unified Development Code. For setbacks, block, lot and building dimension requirements in Form Based Zoning districts, see Section 35-209 Table 209-18. If indicating less than required, this may require additional steps with the Board of Adjustment. The site plan can also show more than the required setback, if necessary.
3. All off-street parking and loading areas/structures, including the number of spaces, dimensions of spaces and aisles, ADA required spaces and loading areas, and landscaping for parking areas. For parking requirements, see Section 35-526 of the Unified Development Code. For parking requirements in Form Based Zoning districts, see Section 35-209 and Tables 209-14 A-D.
4. The location, dimensions and type of all walls, fences (other than fences on private residential lots) and landscaping. For landscape buffer requirements, see Section 35-510 of the Unified Development Code. For Form Based Zoning districts, see Section 35-209.
5. All existing and proposed driveways, sidewalks and other infrastructure above, at or below grade, showing the existing and proposed physical layout, dimensions, and other relevant characteristics of the subject property.
6. The intended use of the property to which the current and proposed improvements relate.
7. The following statement: "I, _____, the property owner, acknowledge that this site plan submitted for the purpose of rezoning this property is in accordance with all applicable provisions of the Unified Development Code. Additionally, I understand that City Council approval of a site plan in conjunction with a rezoning case does not relieve me from adherence to any/all City-adopted Codes at the time of plan submittal for building permits."
8. For all "IDZ-1" requests, "IDZ-2" and "IDZ-3" requests less than 1 acre, a Ground Plan Comparison Form, see page 11, is required to be submitted that illustrates setbacks and height for adjacent properties.

It is recommended that applicants take steps such as meeting with Development Services Department Plan Review staff for preliminary review of projects requiring a site plan. For more information, please see the following sections of the [Unified Development Code](#): Section 35-343 "IDZ" Infill Development Zone, Section 35-209 Form Based Development, Section 35-422 Conditional Zoning, and Section 35-423 Specific Use Authorization.

SITE PLAN REQUIREMENTS FOR INFILL DEVELOPMENT ZONE "IDZ-2" and "IDZ-3"

GREATER THAN ONE (1) ACRE
