- Goal-1: Encourage neighborhood – friendly business development
- Strategies 1:1 Promote more businesses to be with neighborhood scale
- Goal-2: Encourage commercial development at nodes
- Strategies 2:7 Encourage appropriate commercial development and uniform signage at major arterials and neighborhood nodes

Land Use Category: “Low Density Residential”**Description of Land Use Category:** Low Density Residential includes single-family detached houses on individual lots at typical suburban densities. This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.**Permitted Zoning Districts:** R-4, R-5, R-6, NP-8, NP-10, NP-15, and UD**Land Use Category:** “Community Commercial”**Description of Land Use Category:** Community Commercial includes offices, professional services, and retail uses that are accessible to variety of modes of transportation including bicyclists and pedestrians. This form of development should be located at nodes on arterials at major intersections or where an existing commercial area has been established. Parking areas should be located behind the building, with the exception of one row of parking facing the street. Additionally, all off-street parking and loading areas adjacent to residential uses should include landscape buffers, lighting and signage controls. Examples of Community Commercial uses include cafes, offices, restaurants, beauty parlors, neighborhood groceries or markets, shoe repair shops, pharmacies and medical clinics.**Permitted Zoning Districts:** O-1.5, C-1, C-2, C-2P and UD**Subject Property****Future Land Use Classification:**

ALTERNATIVES:

1. Recommend Approval.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial. Planning Commission recommends Approval.

The proposed Plan amendment from “Low Density Residential” to “Community Commercial” is requested to rezone the property to “C-2 CD” Commercial District with a Conditional Use for Auto and Light Truck Repair. Given the proximity to single-family residential uses with a “Low Density Residential” land use classification, the proposed plan amendment is not appropriate. Furthermore, staff finds that the property does not meet the locational criteria for the high intense

commercial use of auto repair. Additionally, introducing the proposed land use category of “Community Commercial” would increase the potential for commercial encroachment into the abutting established residential neighborhood.
