FISCAL IMPACT:

None

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

Subject property is not located within a Regional Center but is within ½ a mile from the Commerce-Houston Premium Transit Corridor

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Eastside Area Community Plan, adopted in 2024, and is currently designated as "Neighborhood Mixed Use" in the future land use component of the plan. The requested "IDZ-2" base zoning district is not consistent with the future land use designation. The applicant has request a Plan Amendment to "Urban Mixed Use". Staff recommends Approval. Planning Commission pending hearing.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property's zoning permits the commercial use, and there is existing "C-2" Commercial zoning abutting the property to the south.
3. **Suitability as Presently Zoned:** The existing "IDZ-2" Medium Intensity Infill Development Zone with uses permitted in "C-2" Commercial District and Bar and/or Tavern without cover charge 3 or more days per week is an appropriate zoning for the property and surrounding area. The "IDZ-2" base zoning district and requested uses will remain for the property, however the applicant is requesting to increase the building square footage from 514 square feet to 776 square feet, and reduction of perimeter setback from 1.1 feet to 0.3 feet from the front property line, from 10.2 feet to 3.2 feet on the west side property line, and 7.0 feet to 5.6 feet from the rear property line, all which requires a Major Site Plan Amendment. This is an appropriate use for the property, as the building has been an established ice house since 1927, and granted a Historic Landmark designation by the Historic & Design Review Commission (HDRC) and City Council in 2019.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy: The request does not appear to conflict with any public policy objective. Relevant goals and policies from the Comprehensive Plan may include:

- GCF Goal 4: Sustainable infill and mixed-use development provide walkable and bikeable destinations for all residents.
- HPCH Goal 4: Historic and cultural preservation is effectively used as a tool for economic development in San Antonio.
- HPCH Goal 6: San Antonio strategically incentivizes reinvestment in and reuse of landmark buildings and districts to protect those historic resources in accordance with established zoning and design guidelines.

Relevant Goals and objectives from the Eastside Community Area Plan may include:

- Goal 3: History, Culture, and Art: The cultural landscape, comprised of buildings, businesses, public spaces, and natural features will be valued and preserved.
- Goal 4: Gathering Places: Diverse retail establishments and services will be available, including familiar and traditional businesses that are relevant to existing residents.
- Land Use Recommendation #1: Support mixed-use centers and corridors that complement neighborhoods, support transit service, provide employment opportunities, and protect cultural assets.
- Land Use Recommendation #2: Preserve and revitalize older building stock and traditional uses and development patterns.
- Economic Development Recommendation #2: Support the creation and expansion of businesses (start-up, manufacturing, resident services, restaurants/entertainment).

6. Size of Tract: The 0.0478 acre site is of sufficient size to accommodate the proposed commercial development.

7. Other Factors: The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.

The subject property was approved for the building expansion and setback encroachment in November 2020 by A/P# 2633947, but without the required Major Site Plan Amendment. Applicant is correcting this issue.
