Comprehensive Plan

Comprehensive Plan Component: SA Tomorrow Southeast Community Area Plan

Plan Adoption Date: December 15, 2022

Plan Goals:

- Recommendation #1 Maintain residential and nonresidential densities that are consistent with historic patterns, to strengthen and preserve established neighborhoods.
- Recommendation #2 Establish appropriate buffers and transitions between neighborhoods and nonresidential areas.

Comprehensive Land Use Categories

Land Use Category: “Urban Low Density Residential”

Description of Land Use Category:

- Includes a range of housing types including single-family attached and detached houses on individual lots, small lot residences, duplexes, triplexes, fourplexes, cottage homes, manufactured homes, low-rise garden- style apartments, and manufactured home parks.
- This land use category may also accommodate small scale retail and service uses that are intended to support the adjacent residential uses. Other nonresidential uses, including, but not limited to, schools, places of worship, and parks are appropriate within these areas.
- Typical densities in this land use category would range from 7 to 18 dwelling units per acre.

Permitted Zoning Districts: R-1, R-2, R-3, R-4, R-5, R-6, RM-5, RM-6, MF-18, IDZ-1, MH, MHC, MHP, MXD, and NC.

Land Use Category: “Medium Density Residential”

Description of Land Use Category:

- Accommodates a range of housing types including single-family attached and detached houses on individual lots, manufactured and modular homes, duplexes, triplexes, fourplexes, and low-rise, garden-style apartments with more than four (4) dwelling units per building. Cottage homes and very small lot single-family houses are also appropriate within this land use category.
- Higher density multi-family uses, where practical, should be located in proximity to transit facilities. Certain nonresidential uses, including, but not limited to, schools, places of worship, and parks are appropriate within these areas and should be centrally located to provide easy accessibility.
- Typical densities in this land use category would range from 13 to 33 dwelling units per acre.

Permitted Zoning Districts: R-1, R-2, R-3, R-4, RM-4, RM-5, RM-6, MF-18, MF-25, MF-33, IDZ-1, IDZ-2, MH, MHC, MHP, and MXD.

ALTERNATIVES:

1. Recommend Approval of the proposed amendment to the SA Tomorrow Southeast Community Area Plan.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Denial.

The proposed land use amendment from “Urban Low Density Residential” to “Medium Density Residential” is requested to rezone the property to “MF-33” Multi-Family District. This is not consistent with the SA Tomorrow Southeast Community Area Plan’s objective to maintain residential densities that are consistent with historic patterns and preserve established neighborhoods. The current land use classification is “Urban Low Density Residential”, which is compatible with the existing single-family uses in the immediate area. The proposed amendment is not consistent with the surrounding area.
