RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted in 2011, and is currently designated as "Mixed Use Center" in the future land use component of the plan. The requested "C-3 NA" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing "C-3 CD" General Commercial District with a Conditional Use for Outside Storage and "C-3NA CD" General Commercial Nonalcoholic Sales District with a Conditional Use for a Wholesale Plant Nursery with Outside Storage are appropriate zonings for the property and surrounding area. The proposed "C-3NA CD S" General Commercial Nonalcoholic Sales District with a Conditional Use for Landscaping Materials - Sales and a Specific Use Authorization with Storage – Outdoor is also appropriate. The applicant is rezoning to consolidate the various zoning districts on the property and expand their landscaping company. The proposed zoning and use is consistent with other commercial zoning and uses in the area. Additionally, the applicant will have to adhere to the prescribed site plan. Any deviation from the approved document could potentially warrant additional council consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives. Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - GCF P1: Incentivize the development of housing and employment uses in the city's priority growth areas.
 - GCF P5: Invest in needed amenities and infrastructure that will facilitate higher-density development in the city's priority growth areas.

- GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in closer proximity to housing and where appropriate.
- JEC Goal 1: Employment is focused in the city's 13 Regional Centers, in site-specific locations in Urban Centers and along mobility corridors, providing easy connectivity for San Antonio's residents and businesses.

Relevant Goals and Policies of the West/Southwest Sector Plan may include:

- Goal ED-1: The West/Southwest Sector is an economically sustainable community in which residents have a variety of employment opportunities.
- Strategy ED-1.3: Stimulate and support increased activity of existing businesses.
- Goal ED-3: The West/Southwest Sector community values existing and future businesses; businesses which in turn support the neighborhoods.
- Goal LU-1: Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.

- 6. Size of Tract:** The 7.8690-acre site is of sufficient size to accommodate the proposed commercial development.
- 7. Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to expand their landscaping business and permit outdoor storage on the property.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
