**Existing Character:**

**Proposed Changes:**

**Public Transit:**

**Routes Served:**

### **Comprehensive Plan**

**Comprehensive Plan Component:** Texas A&M San Antonio Regional Center Plan

**Plan Adoption Date:** August 2024

#### **Plan Goals:**

- **Land Use Recommendation #2:** Maintain appropriate transitions in density and uses between the northern and southern portions of the plan area.
- **Land Use Strategy 2.1:** Property south of Mauermann Road should maintain the Light Industrial land use designation and related permitted zoning districts. Property north of Mauermann Road may be suitable for agricultural or limited commercial uses, on a small scale, where accessible from Mauermann Road.
- **Land Use Strategy 2.2:** Preserve the distribution of industrial and natural uses south of Mauermann Road by zoning property in this segment of the plan area to allow industrial, resource protection, or agricultural uses.

### **Comprehensive Land Use Categories:**

#### **Land Use Category: “Agricultural”**

**Description of Land Use Category:** Agricultural includes crop agriculture, ranching, and related agribusiness practices. Single-family detached houses and detached accessory dwelling units are permitted on agricultural and ranch lands at very low densities or in conservation subdivisions that will not interfere with agricultural operations. Limited commercial uses directly serving agricultural and ranching uses, such as farmers markets, nurseries, stables, bed and breakfasts are permitted. To maintain scenic qualities, natural vegetative buffers, deeper setbacks, increased signage control, earthen drainage channels, and more restrictive access management standards are desired along major scenic corridors. Floodplain protection and buffer zones along creeks and rivers are instrumental in retaining rural character.

**Permitted Zoning Districts:** RP, FR

### **Comprehensive Land Use Categories:**

#### **Land Use Category: “Residential Estate”**

**Description of Land Use Category:** Residential Estate includes large lot single-family detached houses on individual estate-sized lots or in conservation subdivisions. This form of development should be located away from major arterials, and can include certain nonresidential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access. Typical densities in this land use category would be up to 2 dwelling units per acre.

**Permitted Zoning Districts:** FR, R-20, RE, RP

### **Land Use Overview**

Subject Property

**Future Land Use Classification:** “Agricultural”

**Current Land Use Classification:** Single-Family Dwellings

Direction: North

**Future Land Use Classification:** “Country Tier”  
**Current Land Use Classification:** Vacant Land

Direction: South

**Future Land Use Classification:** “Country Tier”  
**Current Land Use Classification:** Vacant Land

Direction: East

**Future Land Use Classification:** “Agricultural”  
**Current Land Use Classification:** Residential Dwellings

Direction: West

**Future land Use Classification:** “Agricultural”  
**Current Land Use Classification:** Residential Dwellings

**ISSUE:**

**FISCAL IMPACT:**

There is no fiscal impact.

**PROXIMITY TO REGIONAL TRANSIT CORRIDOR:**

The subject property is not located within a Regional Center or within ½ a mile of a Premium Transit Corridor.
