Comprehensive Plan

Comprehensive Plan Component: North Sector Plan

Plan Adoption Date: August 2010

Plan Goals and Objectives:

- **Goal ED-1:** Compatible economic development along major transportation routes and existing activity centers that do not interfere with the mission of Camp Bullis.
- **Goal LU-3.3:** Promote job growth in the Specialized, Regional, and Mixed Use Centers to achieve the City's diversified business targets through land use guidance and economic incentive.

Comprehensive Land Use Categories:

Land Use Category: "Mixed Use Center"

Description of Land Use Category:

Residential- Very High Density: Generally high density detached, mid-high rise condominium buildings, apartment complexes, and row houses.

Non-Residential- Community Commercial, Office, Mixed Use: Generally detached or attached walkable retail services such as convenience stores, live/work units, cafes, pantry stores, hotels, and other businesses. Mixed Use Centers serve Suburban, General Urban, and Rural Tiers outside of the Urban Core Tier. Although mixed use developments are encouraged, Community Commercial and Office uses are also appropriate. The higher intensity of the residential and commercial uses should be located on, or at the intersection of, arterials and collectors. Streets should accommodate high volumes of commercial traffic for cars while accommodating safe and inviting access for pedestrians and bicycles within and around the center. High-capacity transit should be encouraged.

Permitted Zoning Districts: MF-40, MF-50, O-1, O-1.5, O-2, C-1, C-2, C-2P, UD, FBZD, TOD, MXD, MPCD.

Comprehensive Land Use Categories:

Land Use Category: "Specialized Center"

Description of Land Use Category:

Non-Residential- Heavy Industrial, Business / Office Park: Generally: Manufacturing, wholesaling, warehouses, office parks, laboratories, and regional retail/services. Heavy Industrial uses should be located near expressways, arterials, and railroad line. This use is not compatible with residential uses. Business/Office Park uses should take the form of a cohesive, campus setting

with adequate open space and pedestrian walkways between or around buildings. Residential uses should be separated with landscape buffers.

Permitted Zoning Districts: 0-1.5, 0-2, BP, I-1, I-2, MI-1, MI-2, SGD, QD.

ALTERNATIVES:

1. Recommend Denial.
2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

The proposed Plan Amendment from “Mixed Use Center” to “Specialized Center” is requested to rezone the property to “I-1” General Industrial District. Staff finds the proposed land use

classification consistent with the surrounding area. There is existing “Specialized Center” to the north, which also allows for industrial uses. The request is compatible with other land uses located in the area and the subject property is appropriately located at the intersection of an interstate highway and arterial road.
