

# **Spay/Neuter Clinic Veterinarian Contracts**

**City Council “A” Session - Item 8**

*February 13, 2025*

*Jonathan Gary, ACS Director*

# Background

---

ACS is in the process of opening two new spay/neuter facilities to provide sterilization surgeries and other veterinary care for underserved areas.

The clinics will utilize ACS employees as vet techs and administrative staff but will rely on contracted veterinarians to perform surgeries and wellness.

Six veterinary contractors have been identified so far for contracts to staff the new clinics. ACS is continuing to recruit more veterinarians.

The two new clinics will help reach the City's goal of 41,170 spay/neuter surgeries.
