Comprehensive Plan

Comprehensive Plan Component: Midtown Neighborhoods Plan

Plan Adoption Date: October 12, 2000

Plan Goals:

Objective 1.3: Business Development

- 1.3.5. Encourage businesses to locate in identified neighborhood commercial centers along Blanco, Fredericksburg, Hildebrand, Flores, and San Pedro (see Land Use Plan). In addition to business development, encourage higher-density residential or live/work units to provide for a mix of uses in or near the area's commercial centers.
 - · Neighbors have expressed an interest in attracting: a grocery store, restaurants (possibly one in the former Gloworm location at North Flores and Ashby), additional shopping, daycare, family physicians, a bakery, a coffee shop, a hardware store, a fitness/exercise center, a deli, a bookstore, a movie theater, antique stores, specialty shops, a “corner” drug store with a soda fountain, an ice cream store and a fabric store.
 - Site constraints, include parking, help determine whether a business is appropriate.

Comprehensive Land Use Categories:

Land Use Category: Mixed Use

Description of Land Use Category: This classification includes a mix of land uses such as Neighborhood Commercial, Medium-Density Residential, and High-Density Residential. This classification calls for the development of design guidelines to encourage safe, attractive and pedestrian-friendly environments, pedestrian linkages to surrounding areas, and options for easy travel by foot, bike or transit.

Permitted Zoning Districts: N/A

Land Use Category: Medium Density Residential

Description of Land Use Category: Medium-Density Residential uses include three-and four-unit family dwellings and townhouses. Low-Density Residential uses also can be found within this classification. In areas identified as Medium-Density Residential, the neighborhoods support

additional density in the larger structures while conserving the existing housing stock and maintaining the buildings' architectural character.

Permitted Zoning Districts: N/A

ALTERNATIVES:

1. Recommend Approval.
2. Make an alternate recommendation.
3. Continue to future date.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

The proposed land use amendment from “Medium Density Residential” to “Mixed Use” is requested to rezone the property to “IDZ-2” Medium Intensity Infill Development Zone, with uses in “C-2 NR,” tattoo parlor and bar/tavern. Given the proximity to single-family residential uses with “Low Density Residential” and “Medium Density Residential” land use classifications, staff considers the proposed plan amendment unsuitable. Although “Mixed Use” is present in the area, it is concentrated along Fredericksburg Road, a major arterial, which can support the density that is present with the “Mixed Use” land use classification. Additionally, introducing a higher intensity land use that abuts single-family residential allows for encroachment into the existing residential development.

All of the uses proposed by the applicant are consistent with the “Mixed Use” land use. Per the current zoning the applicant can have C-2 uses, a tattoo parlor and C-3 uses, however, they cannot have a proposed bar/tavern because of the “NA” Nonalcoholic Sales designation on the property. It appears that the land use change and rezoning are to facilitate a bar/tavern use but it is clear that alcohol sales is not a desired use within the Corridor.
